Chi Rho

Chi-Rho 1970-71

Trinity Preparatory School of Florida

Orlando

Dedication

All of us have thoughts and memories that, even until our own end, we will never forget. Some are pleasant and happy; others, sad and agonizing experiences. Trinity grieved for its loss of Scott. His spirit and enthusiasm was the very essence of the yearbook. And now to the memory of the person he was — and the things he did, the Staff dedicates the 1970-71 CHI-RHO to Scott Arnold and his family.

Class of 1971

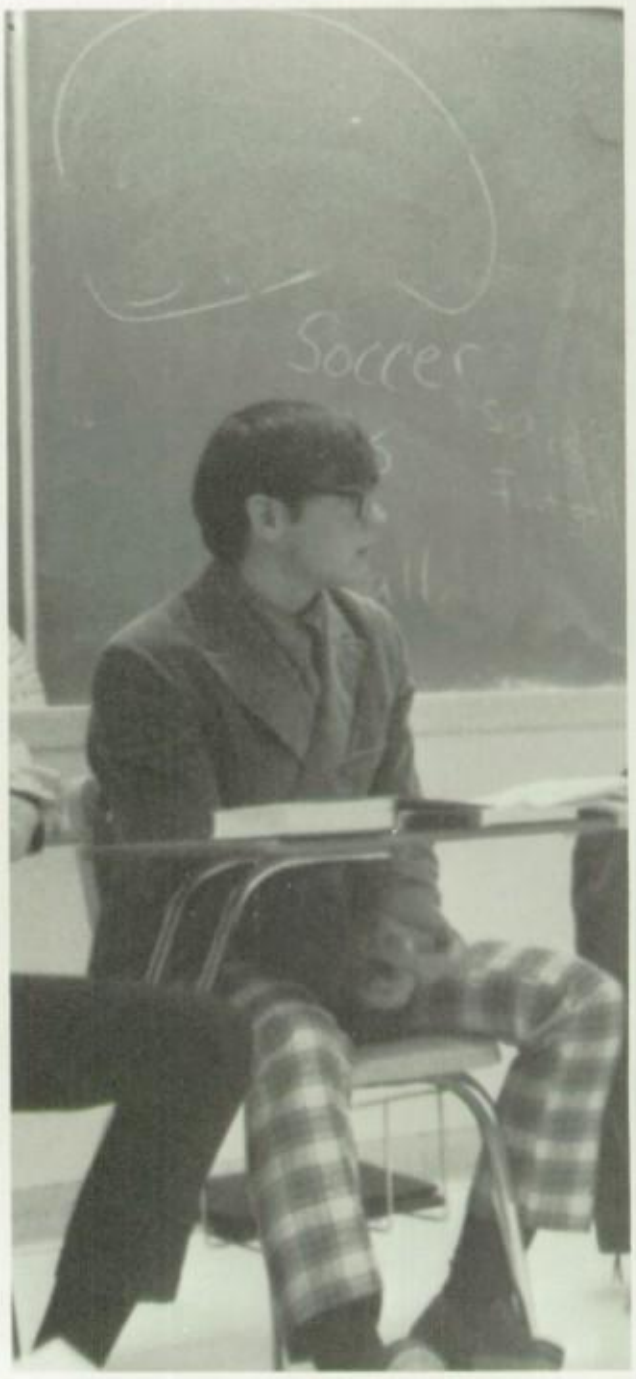
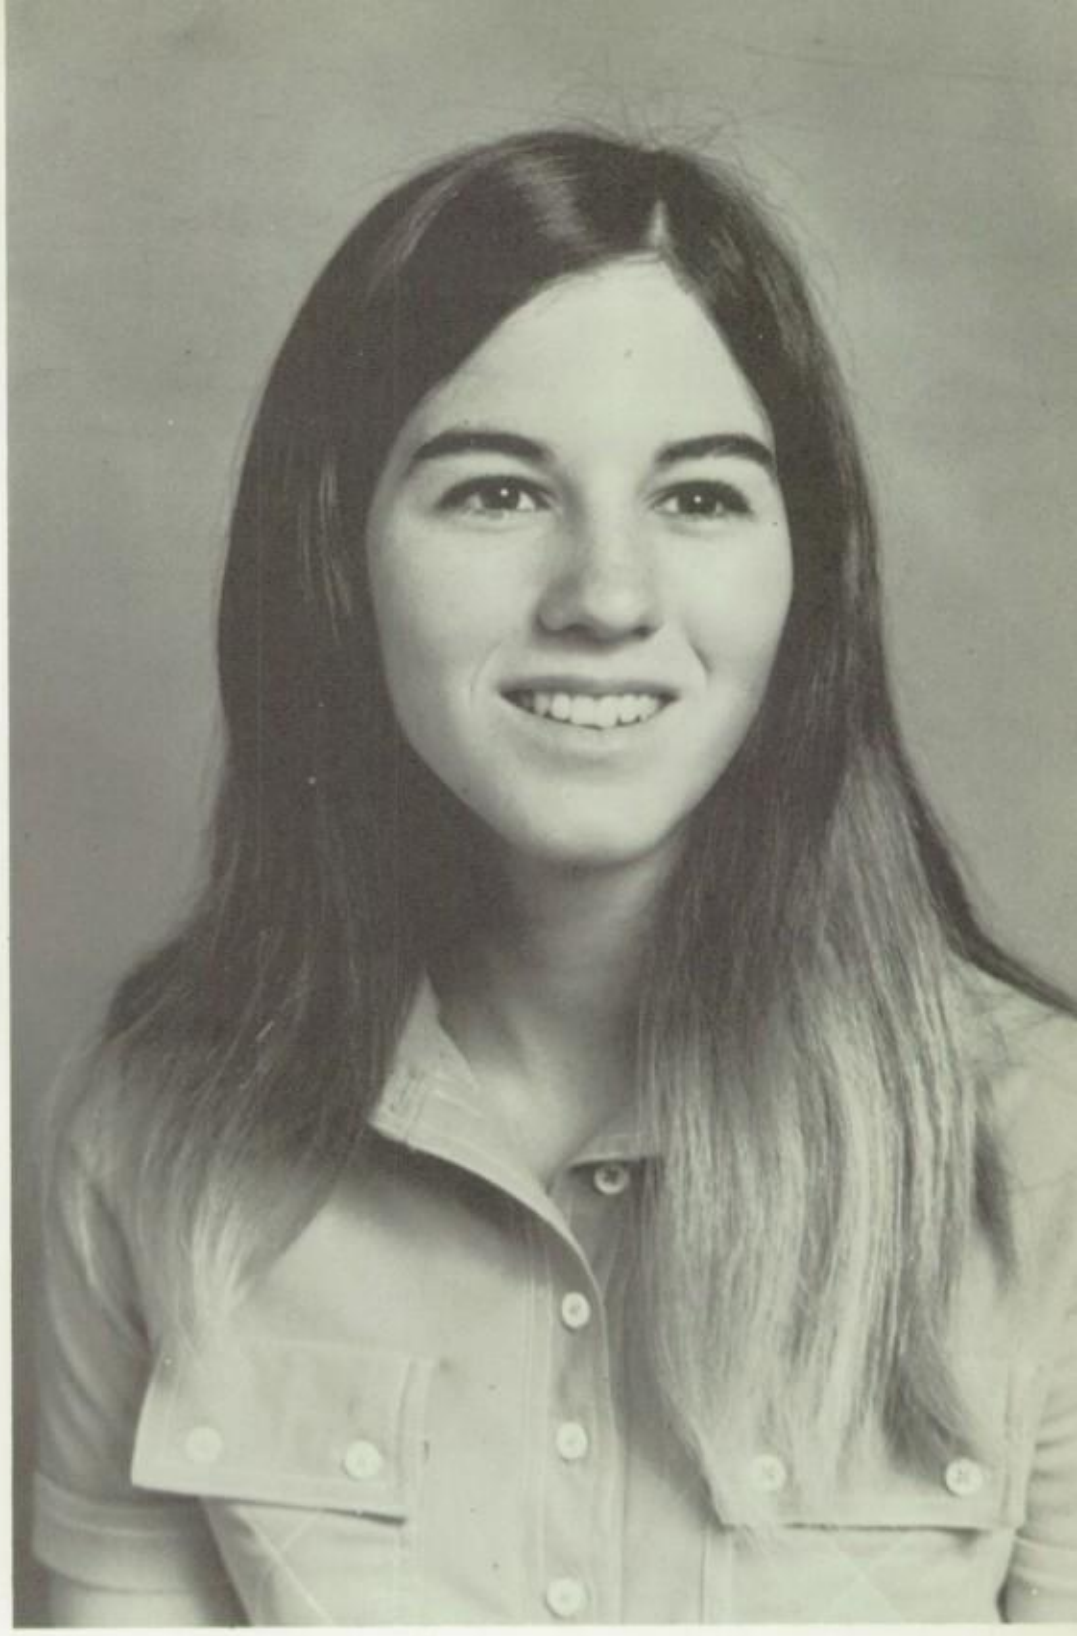
Form VI

JOEL GRIFFITH BAILEY
"Joel"

Joel is an active member of the Key Club. On weekends he can usually be found at the beach hitting the big surf. Joel has made many friends and has shown himself to be a capable student. Trinity will never forget Joel and the "Bailey Gang." Good luck with your prospective career in medicine, Joel.



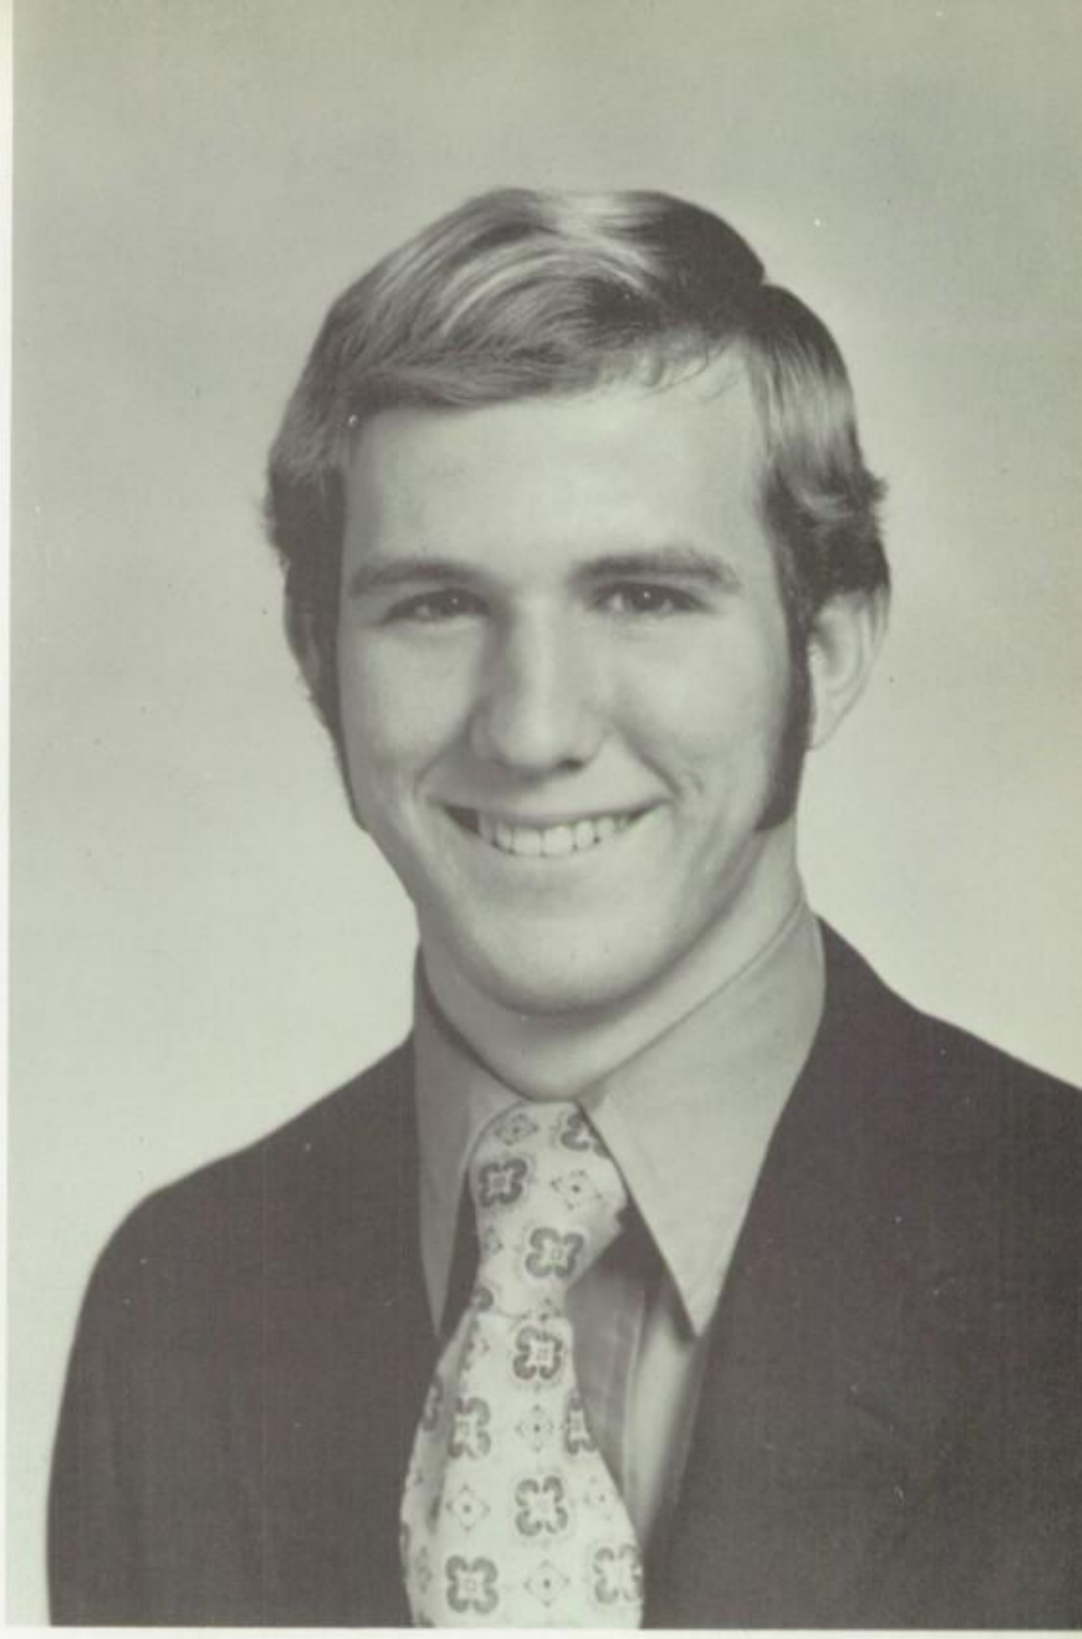


LAURIE KNOX BETTINGHAUS
"Laurie"

Laurie has been at Trinity for as long as it has been in existence. At 8:35 you see "Mussy" rolling into the school parking lot, and you know that Laurie has arrived. One of Laurie's favorite things to do at school is to see what kind of excuses she can think of to get out. There is no telling where Laurie will be at school, except at lunch and at break, you can always find her at the senior point. See you at Winthrop, L. B.

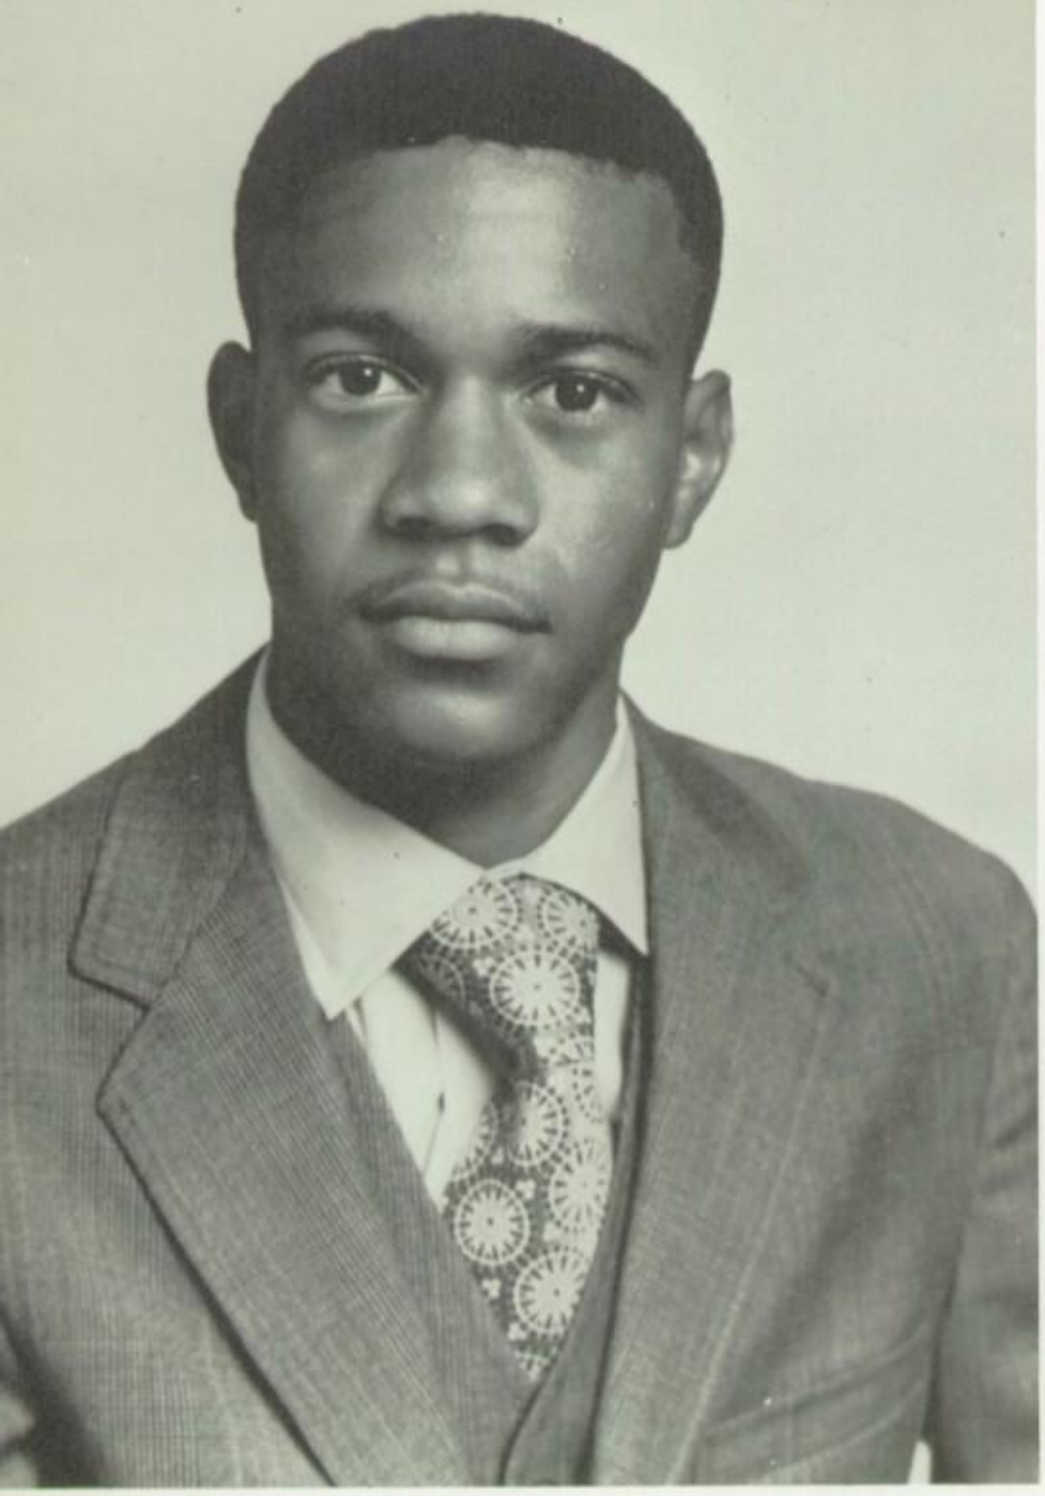
ANDREW LEE BOYD
"Lee"

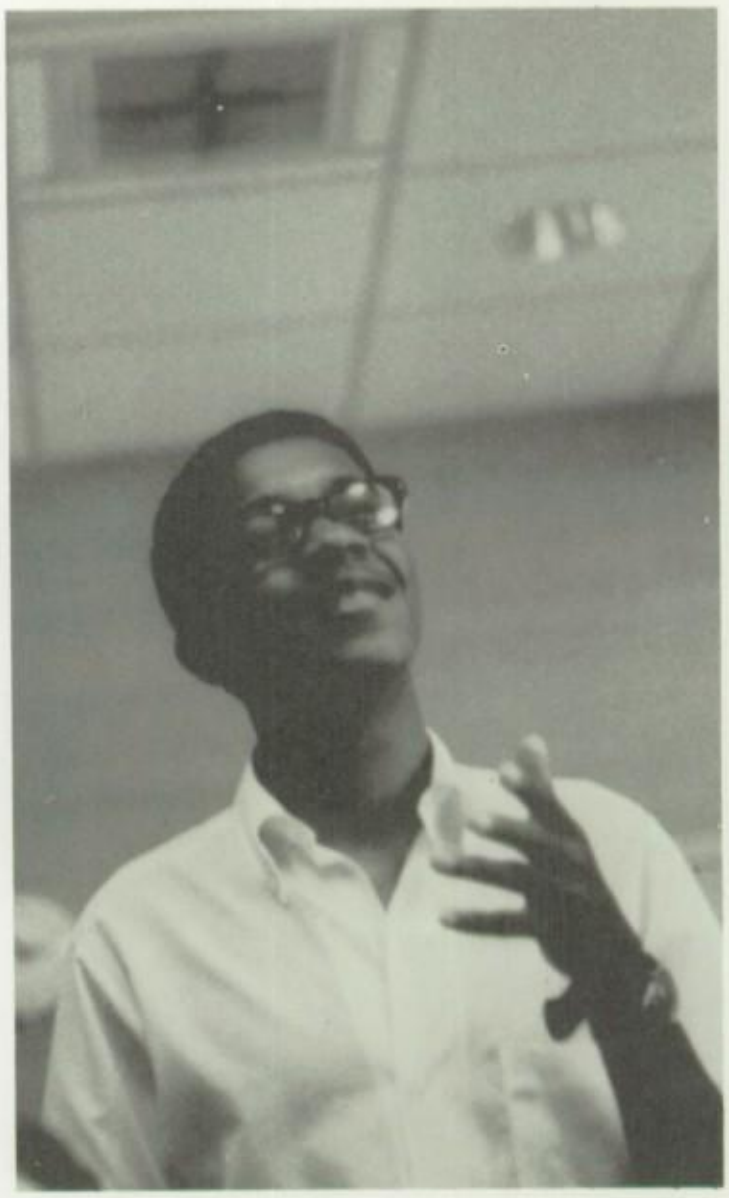
Possessor of the most bombastic voice on campus Lee Boyd is Trinity's political theorist. Lee, with his bourgeoisie belly, is the nemesis of Mr. Arscott's third period history class. Constant confrontation with Mr. Hedges over the thermal conditions of his room have made for some lively moments. Ah well, farewell Lee, Trinity will miss you; and just when the faculty was beginning to decipher your handwriting.



CRAIG HELVENSTON CLAYTON
"Craig"

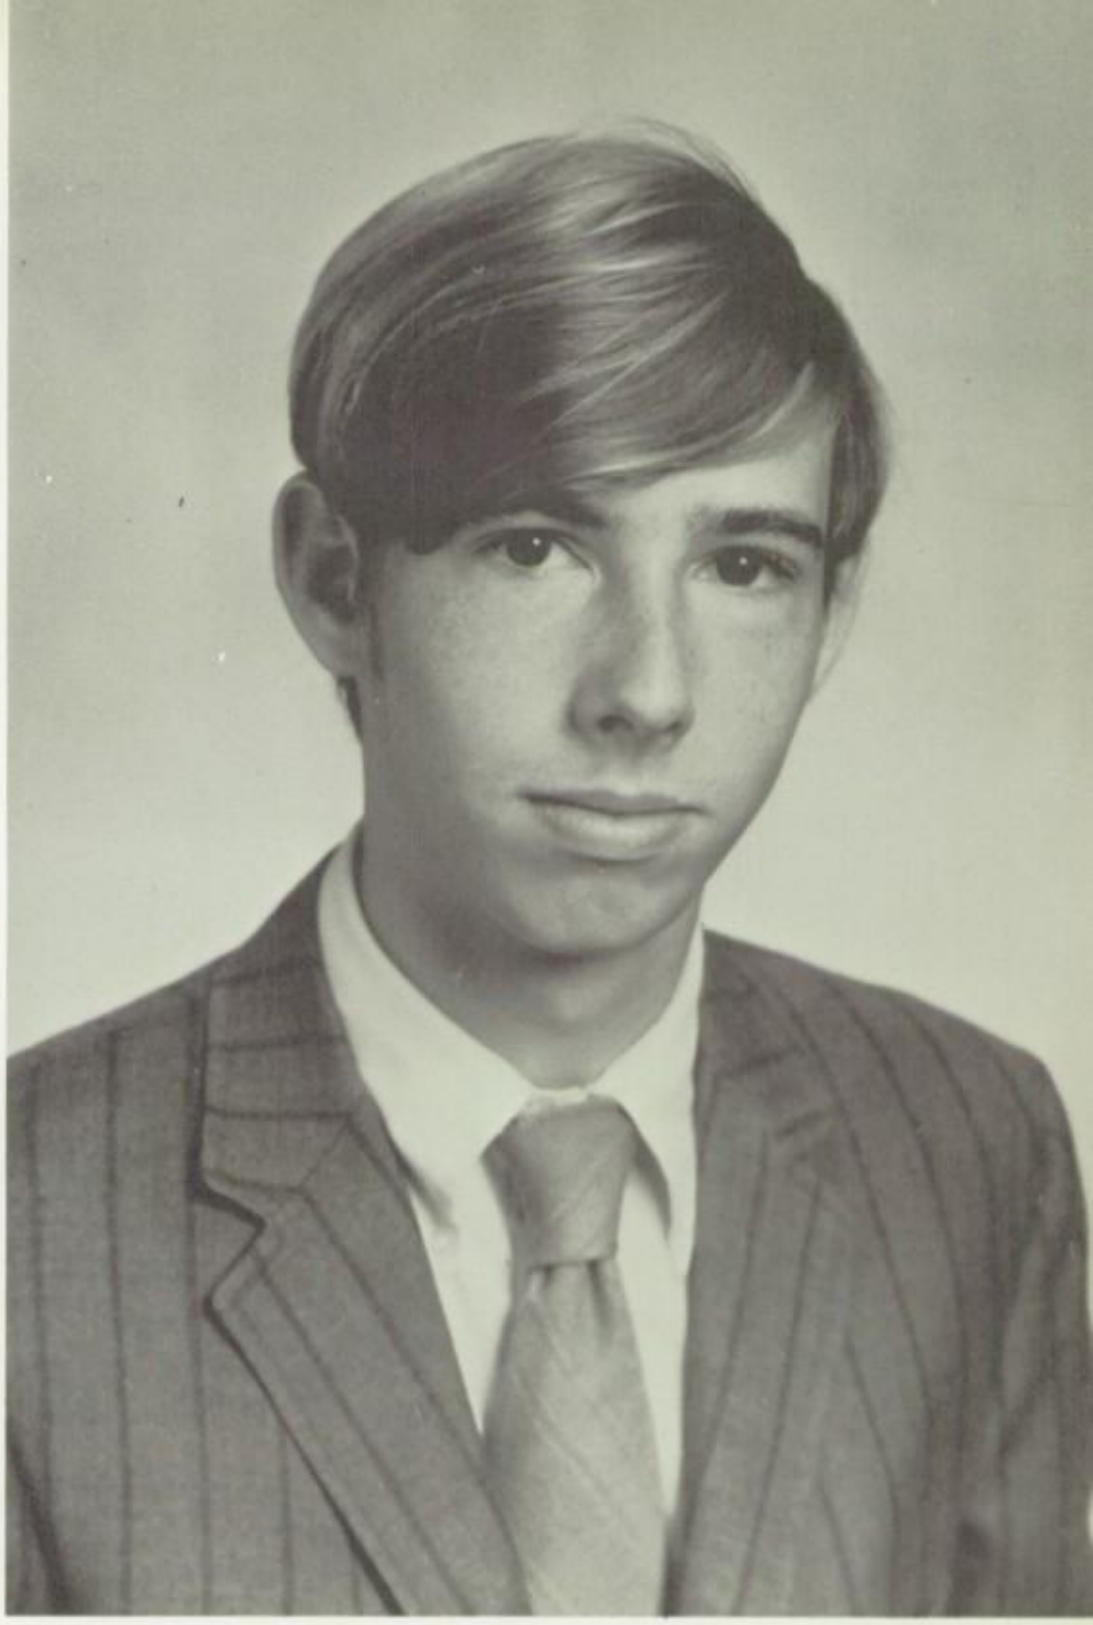
To all the football players Craig is famous for putting on a great half-time show. Craig came new to us this year from Winter Park High School and within no time he gained many friends because of his great personality and good school spirit. At times he finds it hard to stay away from his old school, so his unsupervised fifth period study hall is usually held at the W.P.H.S. lunchroom.





ANTHONY B. DINKINS
"Tony"

Tony will be missed at Trinity. Athletically, Tony's loss will affect the cross-country and track teams. In addition, Tony will take with him a willingness to work as exemplified by his involvement in clubs, activities, etc. In essence, Tony will best be remembered for his quiet patience and genuine good nature towards others.

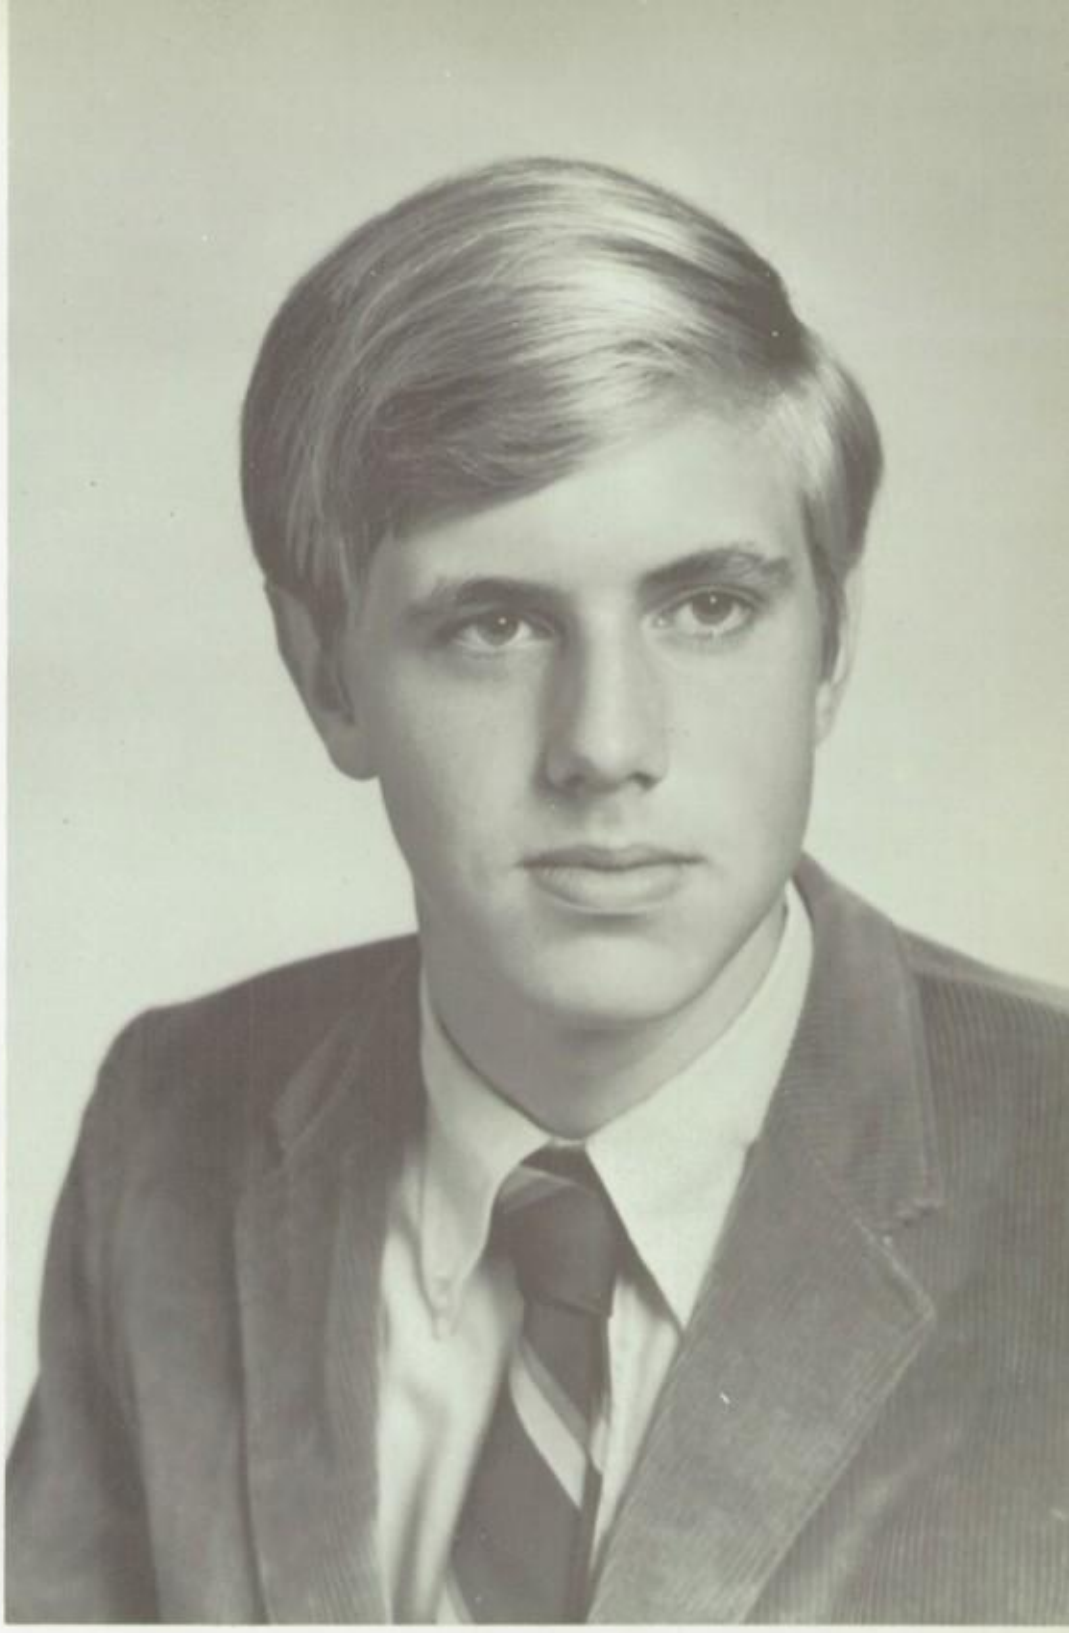


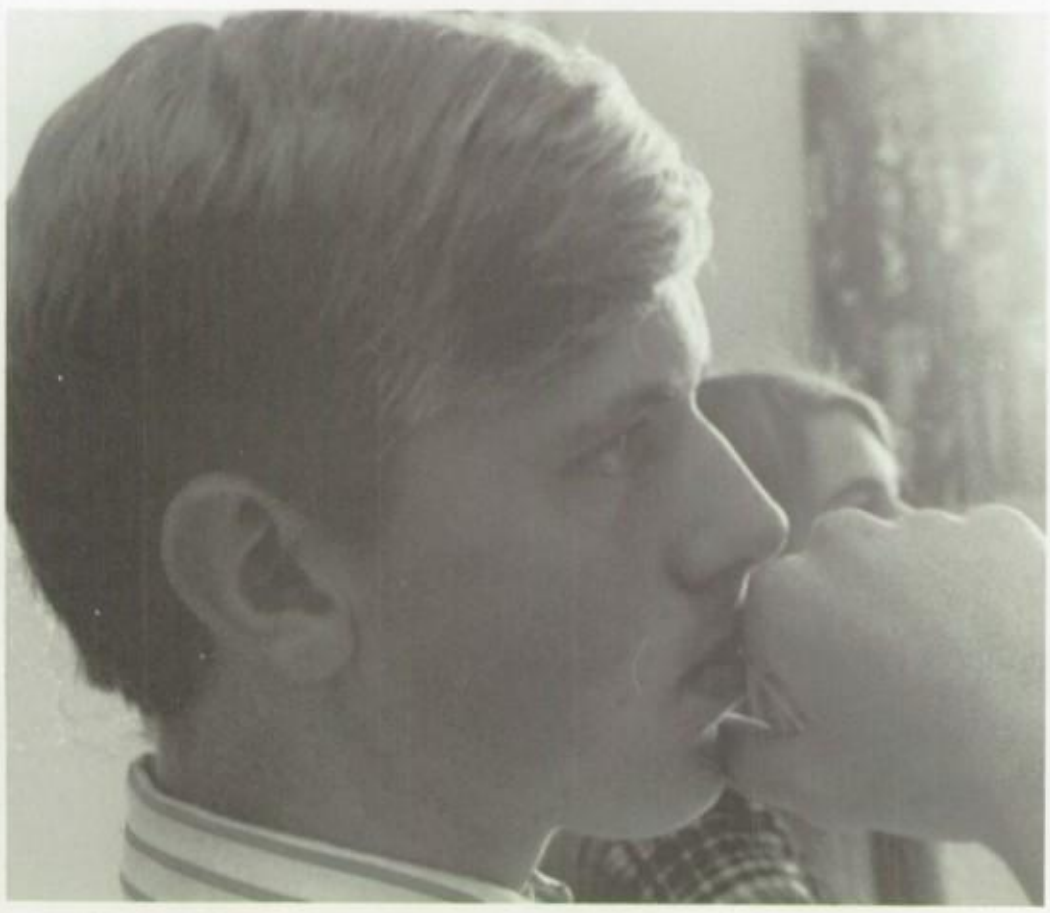
FRANK OSBORNE DRUMMOND III
"Frank"

Frank is the type of person with a personality different from all other persons. Once you get to know him he is quite prevalent. He is very friendly and easy to get along with. He has knowledge of a great many things in many subjects and he puts this knowledge to use in certain fields he enjoys.

BUELL GARD DUNCAN
"Dunc"

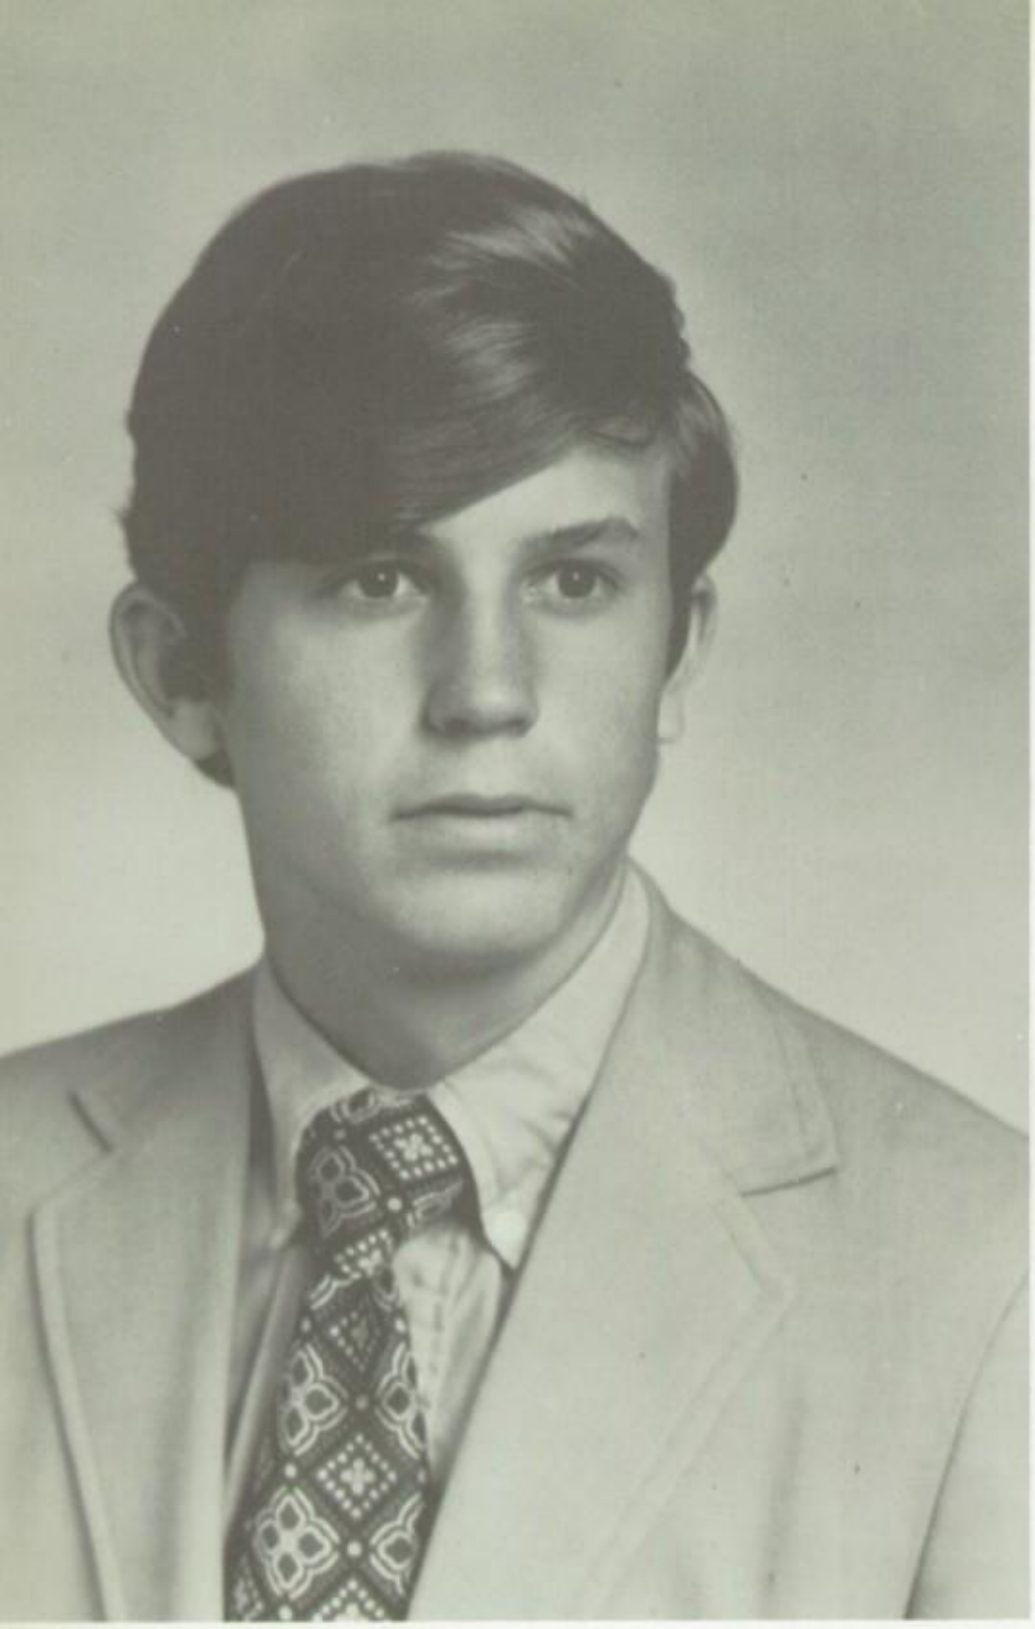
Alias "Dunc" . . . Four month failure . . . Why? . . . Long hair . . . Friday tiger sock stud . . . One of the big boys . . . Also known as water beetle . . . Kid kick . . . Brown noser . . . "Do you know what they say in Russia, don't you?" . . . The kid that stayed . . . Ninety-eight pound weakling . . . Naval Academy? . . . Gainesville relief.





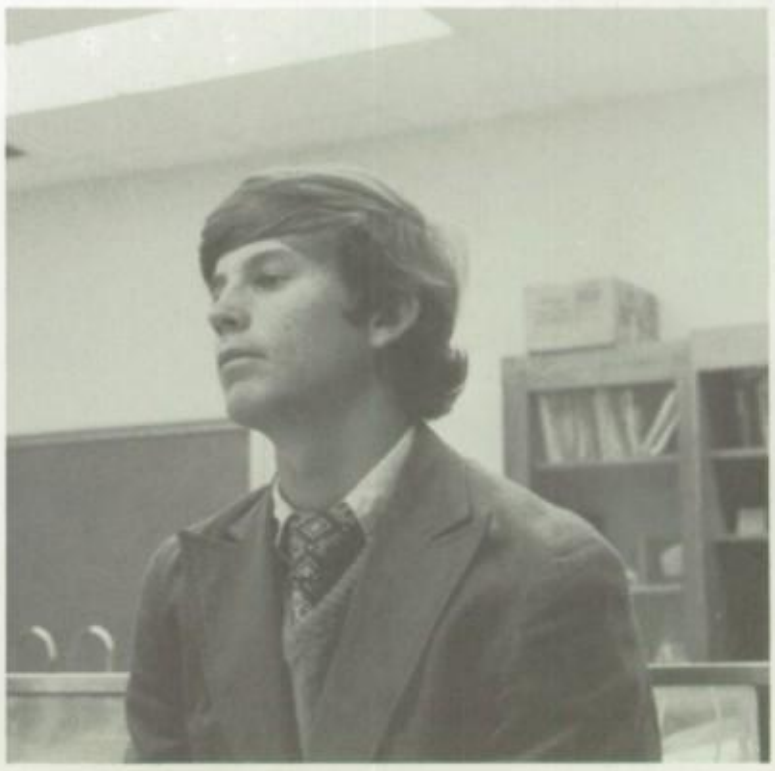
HARRY HARPER FERRAN, JR.
"Hoppy"

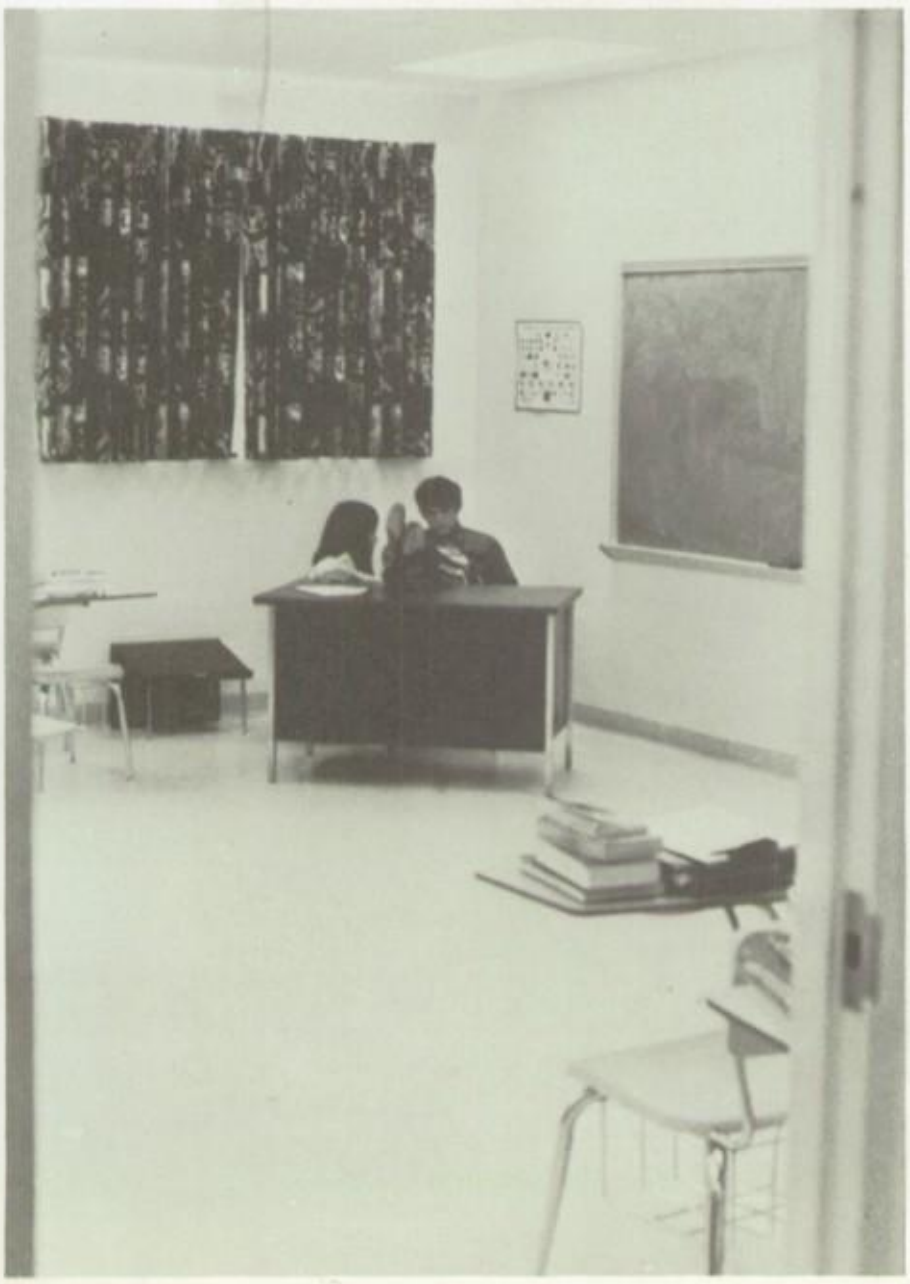
Hoppy is a "tremendous athlete." He is a speed demon on foot on the basketball court and when he is in his big green Bronco, the yellow Nova is left in a cloud of dust. He is known for his exceptional ability in math and his 48 average in Captain's class. Hop and his Bronco will be missed on our campus.



KEVIN WARICK FITZGERALD
"Kevin" "Fitz"

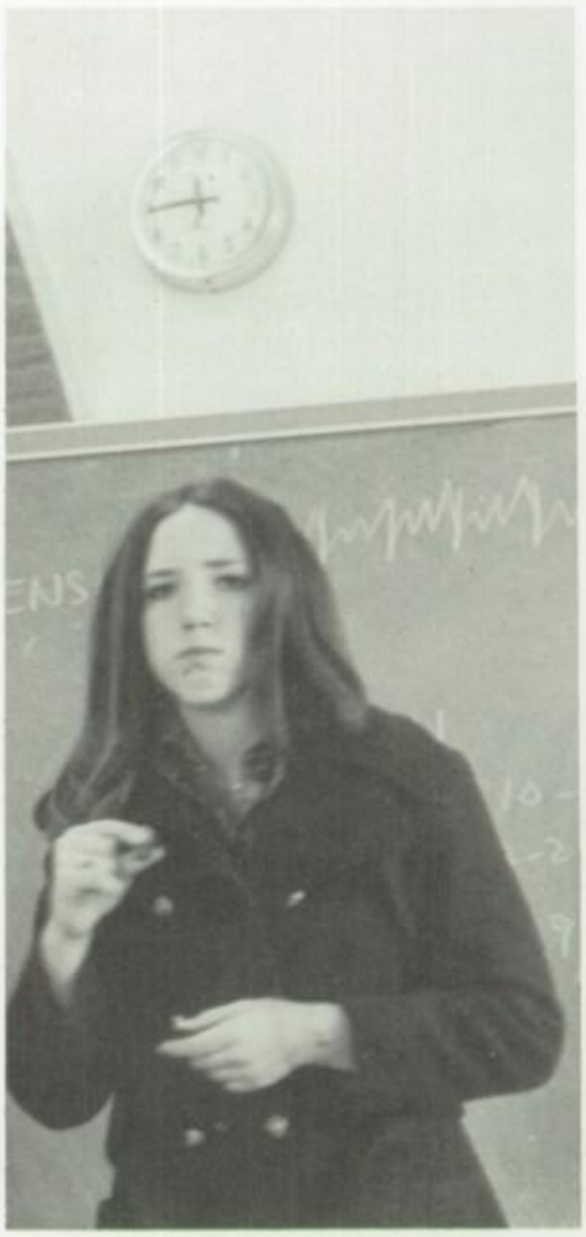
Kevin was one of the few seniors to receive a halo for his great ability to play split end for the Trinity football team. "The Coral Gables Three," Kevin, Paul Grady, and Andy Penn, combined their pool shooting with their pillow fighting talents at Coral Gables. He is known not only for his great ability at shortstop on the baseball team, but also his twenty-five year old glove known as "Old Betts." Kevin has his own way of keeping classes bearable by his great sense of humor and good personality.





MARY CATHERINE FORD
"Mary"

. . . always a friend. Her smile, poise, and wonderful sense of humor will be long remembered. She is always ready for a good joke. Mary's enthusiasm for sports and her sense of school spirit is exhibited by both her active participation and enthusiastic support of all school activities. As she drives down the Trinity roadway for the last time, she will take a little of the family feeling with her.

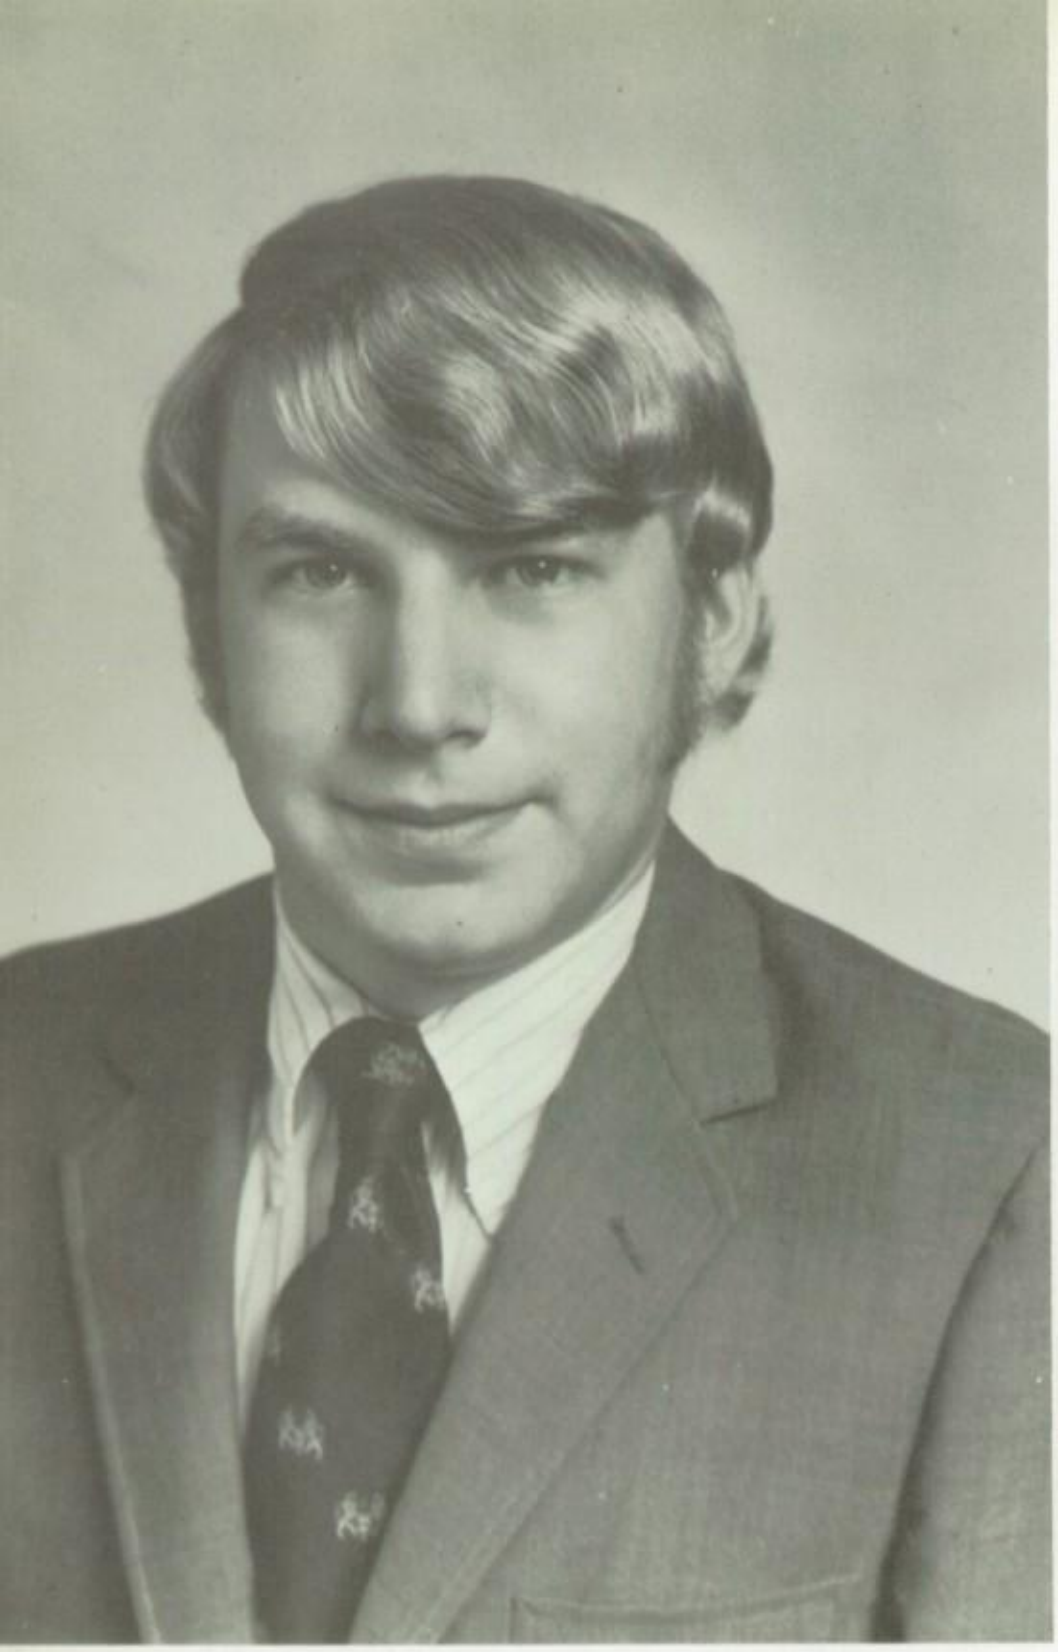


JULIA ALLEN GIBSON
"Julie"

Friendly, industrious, considerate, giving.
She likes: the ocean
running in the rain
dancing
rap sessions
bike riding
water skiing
helping people
poetry
music
Young Life

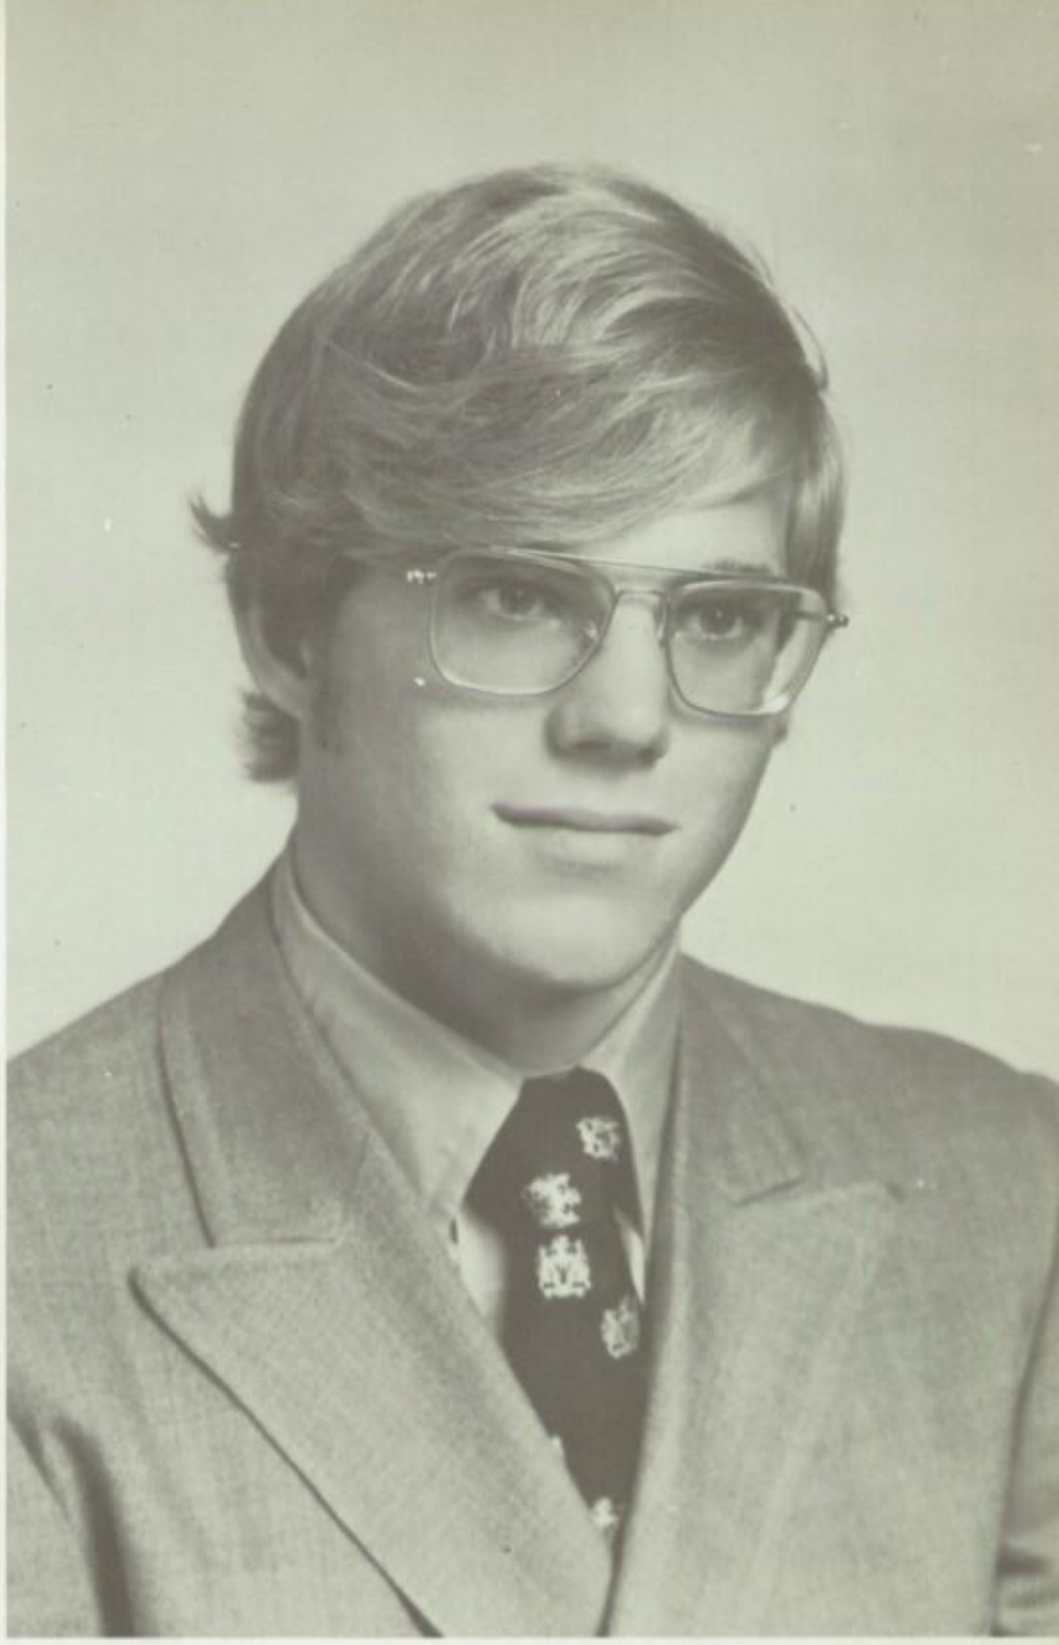
HUGH LAURIN GORDON
"Hugh"

Just back from Mississippi a tall staunch figure darkens the door, Amos Moses? No, nothing quite so exciting but just about as dangerous. Although golf has kept Hugh on the ball most of the time, he did find time to be a glider pilot. Then when he wasn't flying around somewhere he found time to make friends and impressions that will be remembered by all.



PETER KNOWLES GOTTFRIED
"Peter"

An active member of the Key Club, Peter is a very fine secretary. He is one of the driving forces behind the club's money functions. Besides being friendly to all, Peter has a sense of humor, odd in its own right, that adds to every class. For those of you who know him, you know that Trinity will be losing a lot; but for those of you that do not know him, it won't matter anyway.



ROBERT PAUL GRADY
"Paul"

Paul is Trinity's "true preppie" having spent most of his life in prep schools. He was #75 on T.P.'s great football team. When the surf's up, Paul won't be found in W.P., but you can usually find him in Cocoa with his surfing buddy Larry. Paul has gained his fame as Key Club President; and, along with "Fitz," he is founder of the PGA. So you can usually find them in third period having their daily tournament.

LEON HUNTER HANDLEY, JR.

I have been a friend and neighbor of Hunter Handley for some six years. I place a very high value on his friendship because he has demonstrated to me that he has both character and integrity, which forms the foundation of a lasting friendship. This year at Trinity has proven him not only academically sound but a competitive athlete as well. He is not easily discouraged from anything he begins as his football record testifies. I am convinced that he will achieve any goal that he sets.

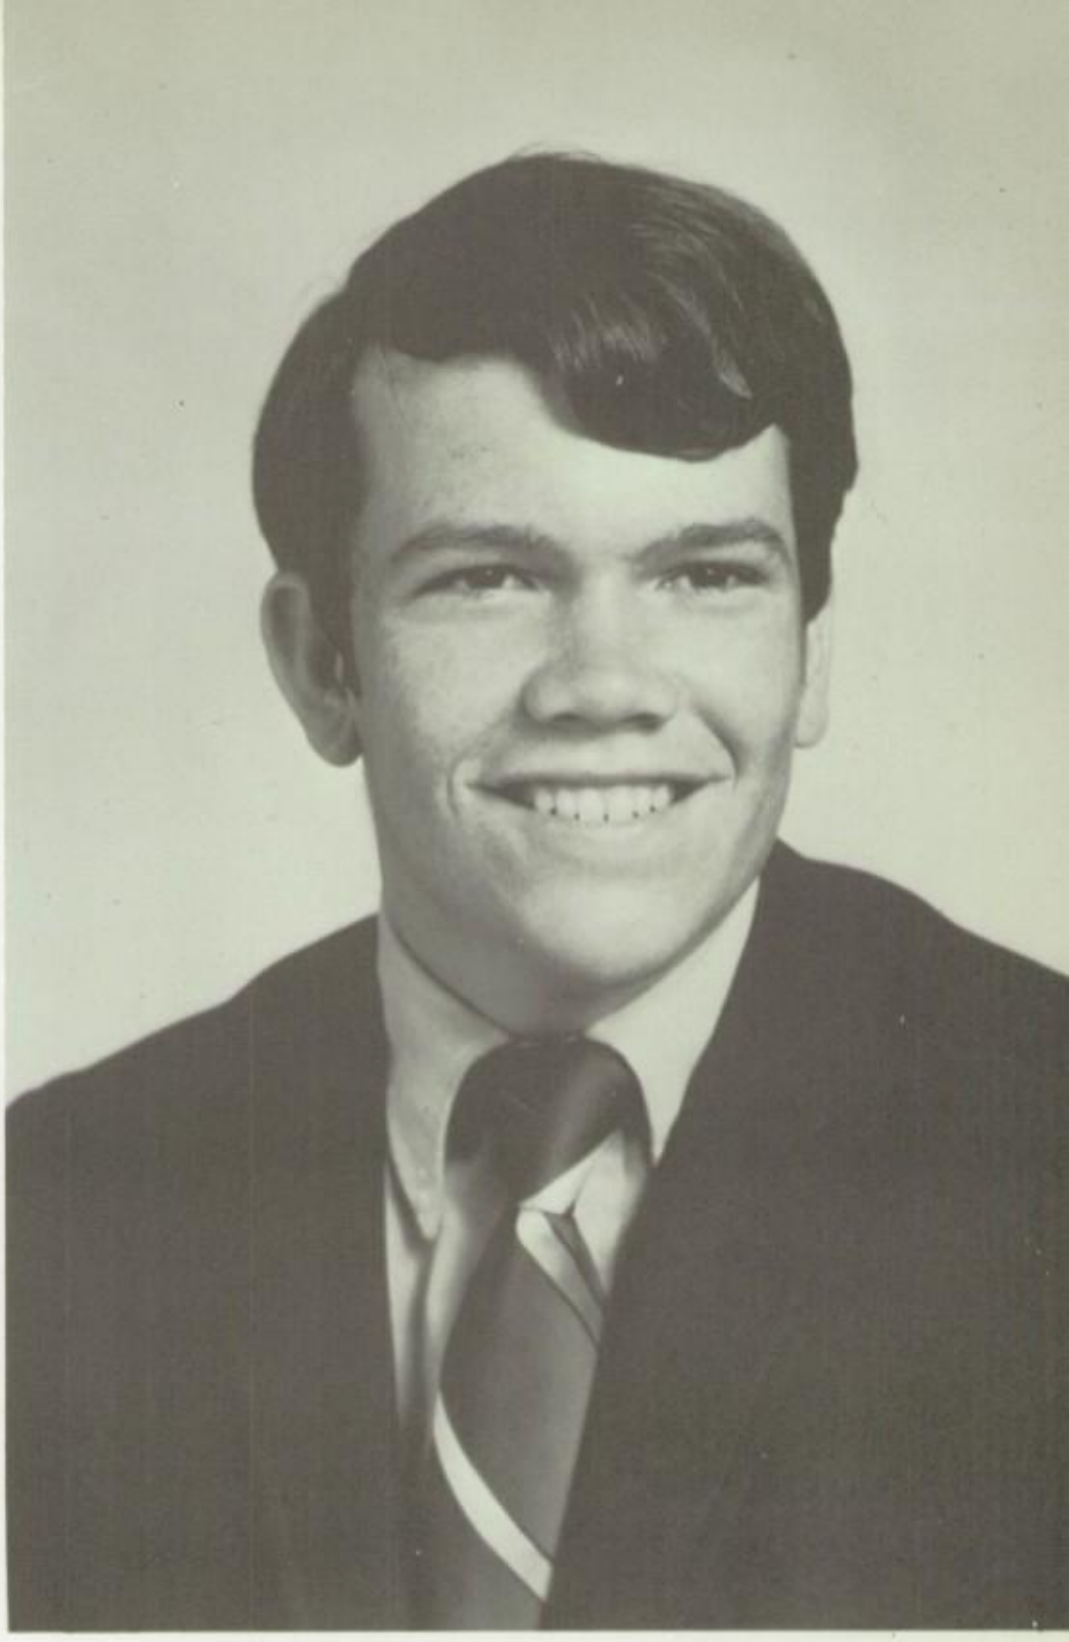
by Blaine Ivy

MEREDITH MELISSA HOLLY
"Melissa" "Lissa"

Melissa has achieved much at Trinity as a student and as a friend. She has a lot of pride and spirit in her school and shows it by her participation in school life. Melissa shows promise and a great deal of interest in glider flying. She was the first in her class to accomplish a solo flight. As a friend Melissa is the best. She's always there to help. Trinity and her friends will miss her as much as she will miss them.

SUSANNE TILGHMAN HOLLYDAY
"Tilly"

Tilly is one of those girls who wears her individuality and creativity. Her large eyes are open to suggestions. She has the greatest capacity for friendliness. She's the one who picks you up when you fall. Her willingness to do anything different is reassurance of a good time. Her brightness will not be forgotten only missed.



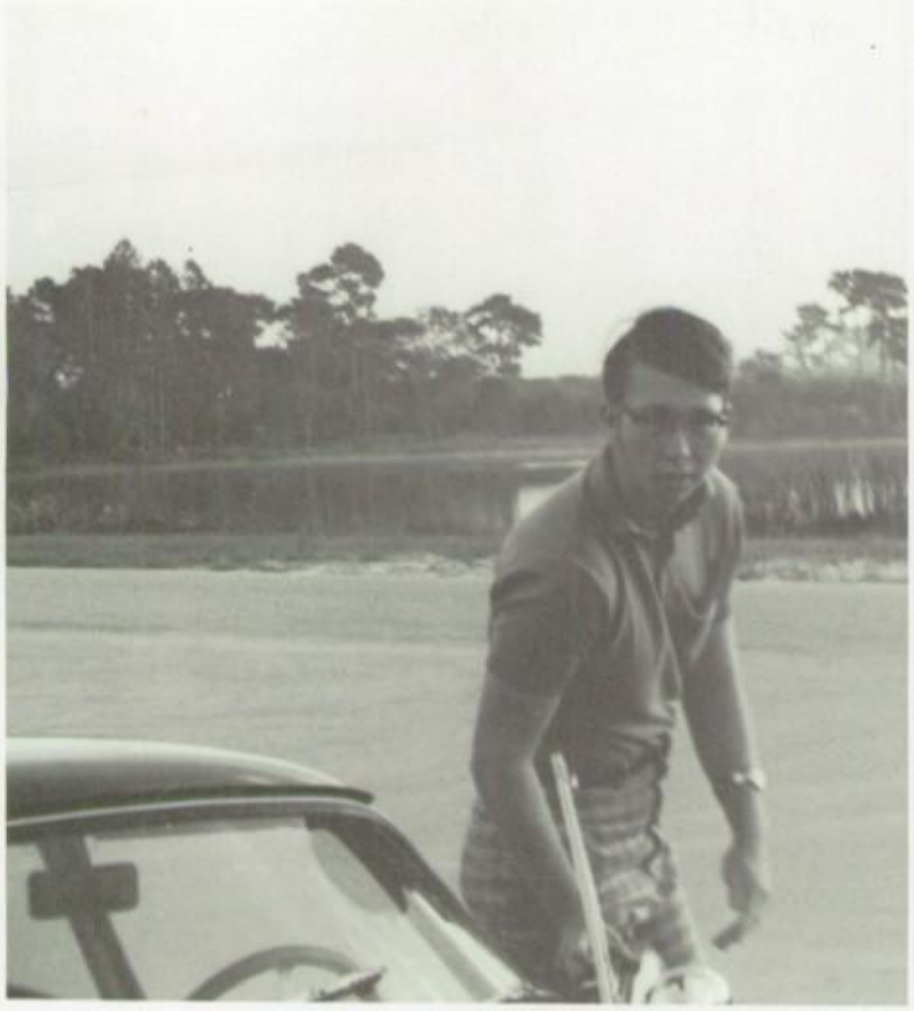
WILLIAM GALLEMORE HOLMES
"Bill"

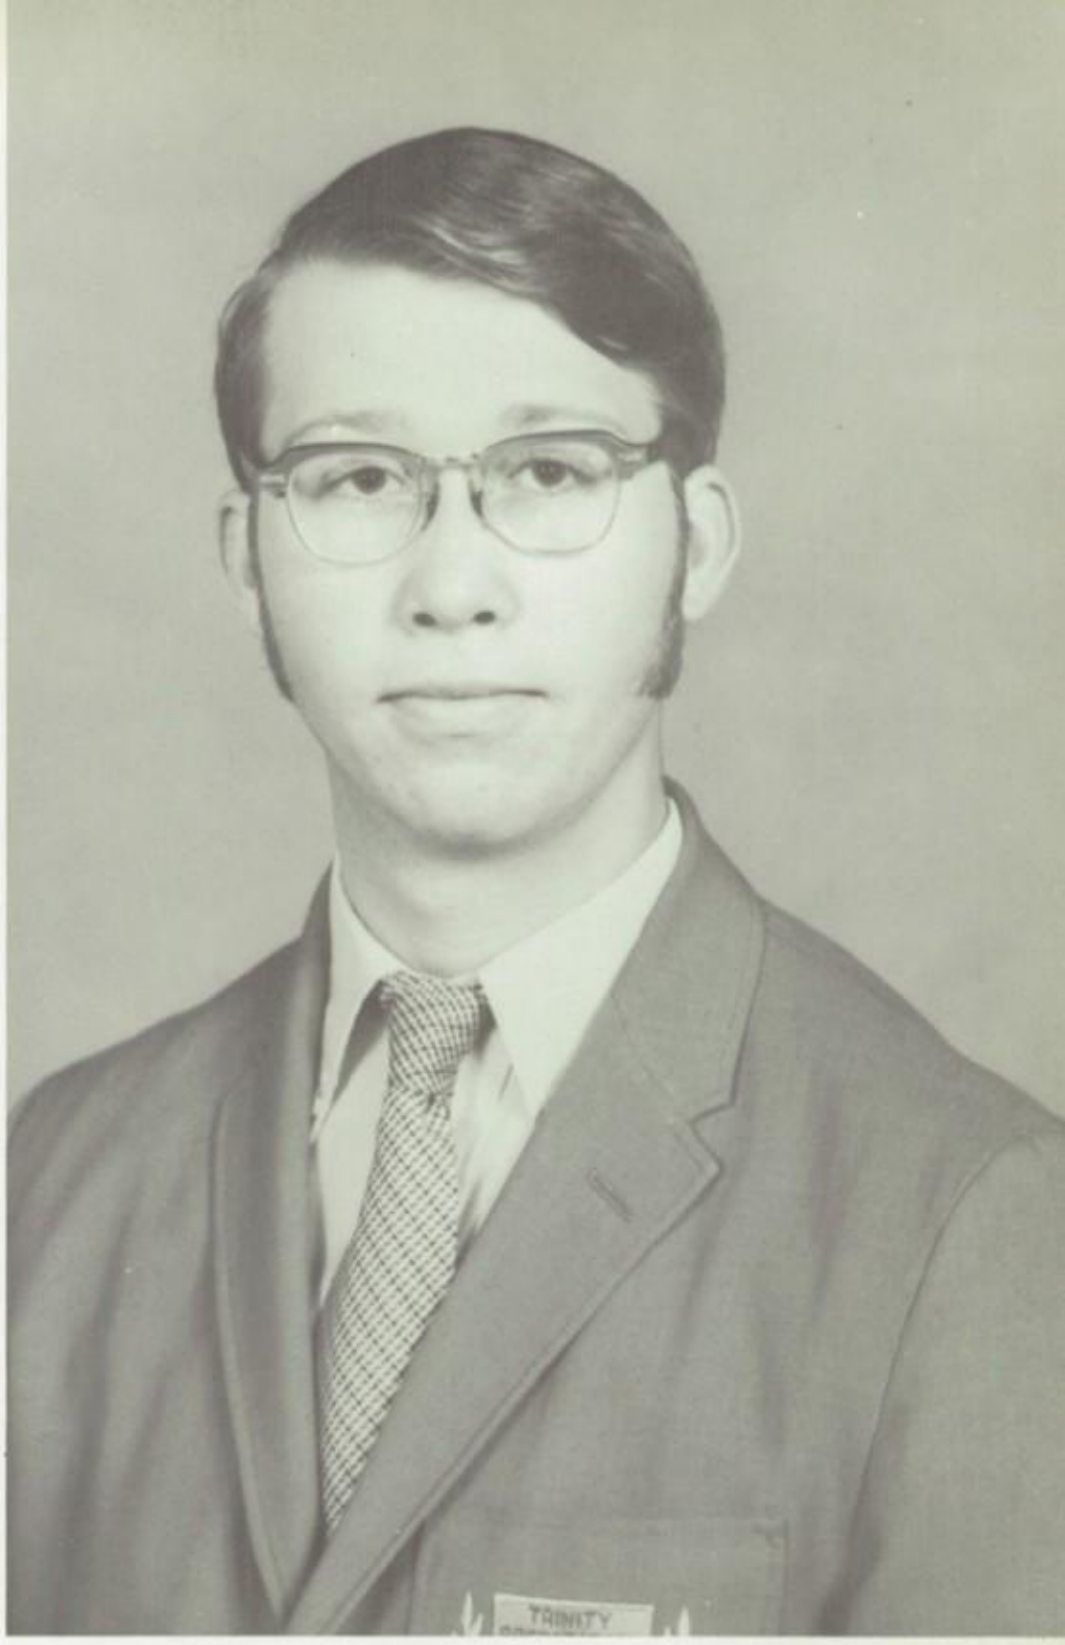
Bill was a former member of the Buckaroos. He is also a member of our illustrious football team. Like a few others he is a top-popper and has a stomach to show for it. Although quiet he has a good sense of humor. He loves to hunt, but somehow shows mercy to the animals. Miss? Never! Georgia awaits you, Bill!

BLAINE GRIFFIN IVY
"Blaine"

Such a true friend I have not found at Trinity. His wit and humor is enough to brighten any class and he is a well-known figure in any crowd, Three years ago Blaine decided to buckle down in academics and today is reaping the rewards; acceptance into an institution of higher learning. His achievements in athletics are not to be overlooked as he has been an active member of the track team. Blaine has left his mark at Trinity; and, likewise Trinity has helped mold Blaine into the fine person he is today.

— Handley.



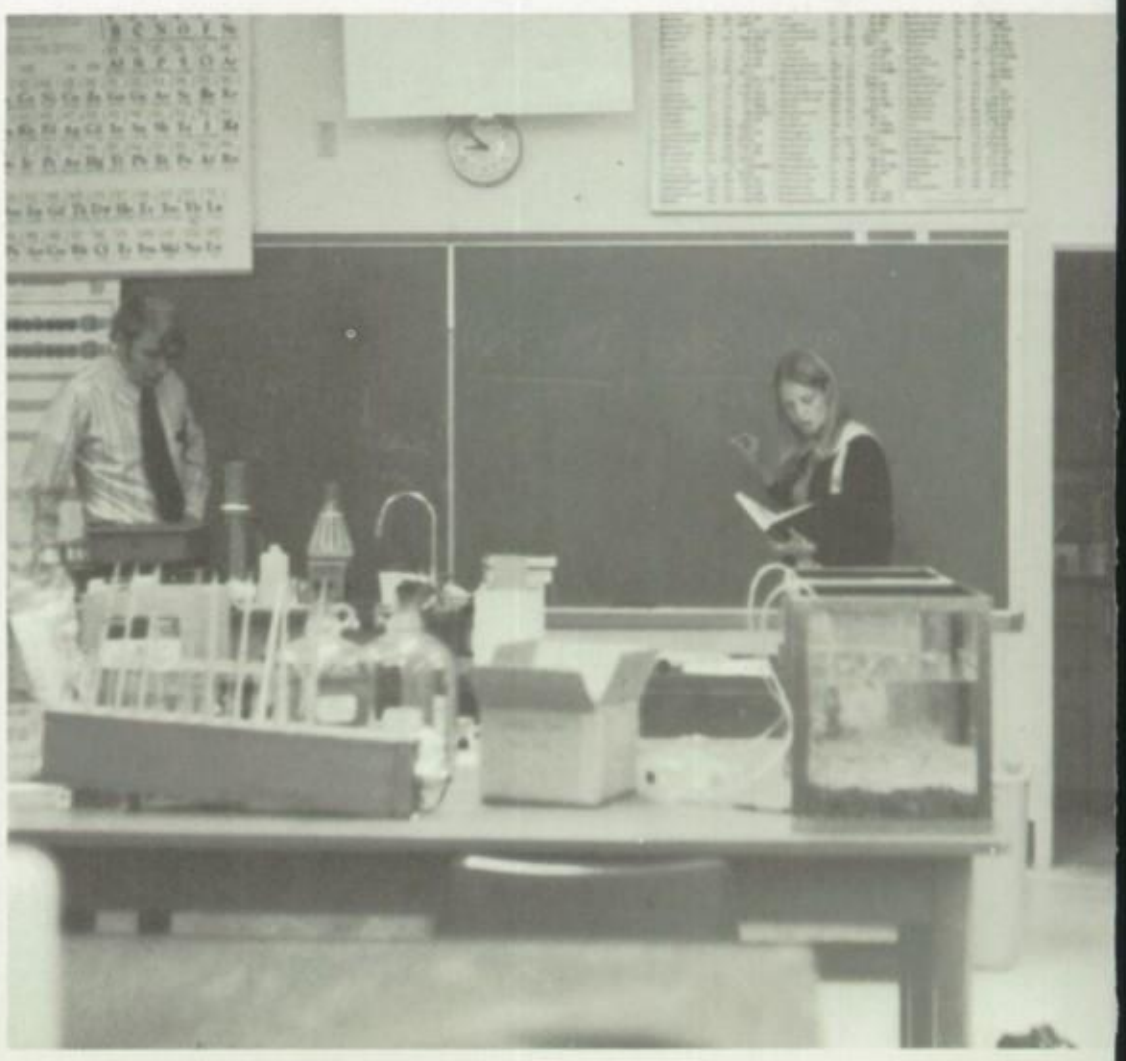


BYRON A. JOHNSON
"Byron" "B. J."

Byron, usually known as B. J., is the senior class' emancipated man. Destined to wear glasses till Kingdom come, he found out in January that he could wear contact lenses. As a person, B. J. has proven himself an ambitious worker as Business Manager of the *Chi Rho*. Outside of school he is interested in sports cars and American Indian archaeology. He plans to major in archaeology in a western university.

CLARINDA HAYES JOHNSON
"Clarinda," etc.

Clarinda wrote in a yearbook last year, "if you ever need cheering up, just call me!" This is typical Clarinda Johnson. She has a great concern for people and believes everybody is good. She takes everything smiling; no one can ever remember a frown on her face. Clarinda has been accepted at Stetson and is planning to attend there next year.



KRISTIN ANNE JUERGENS
"Kris"

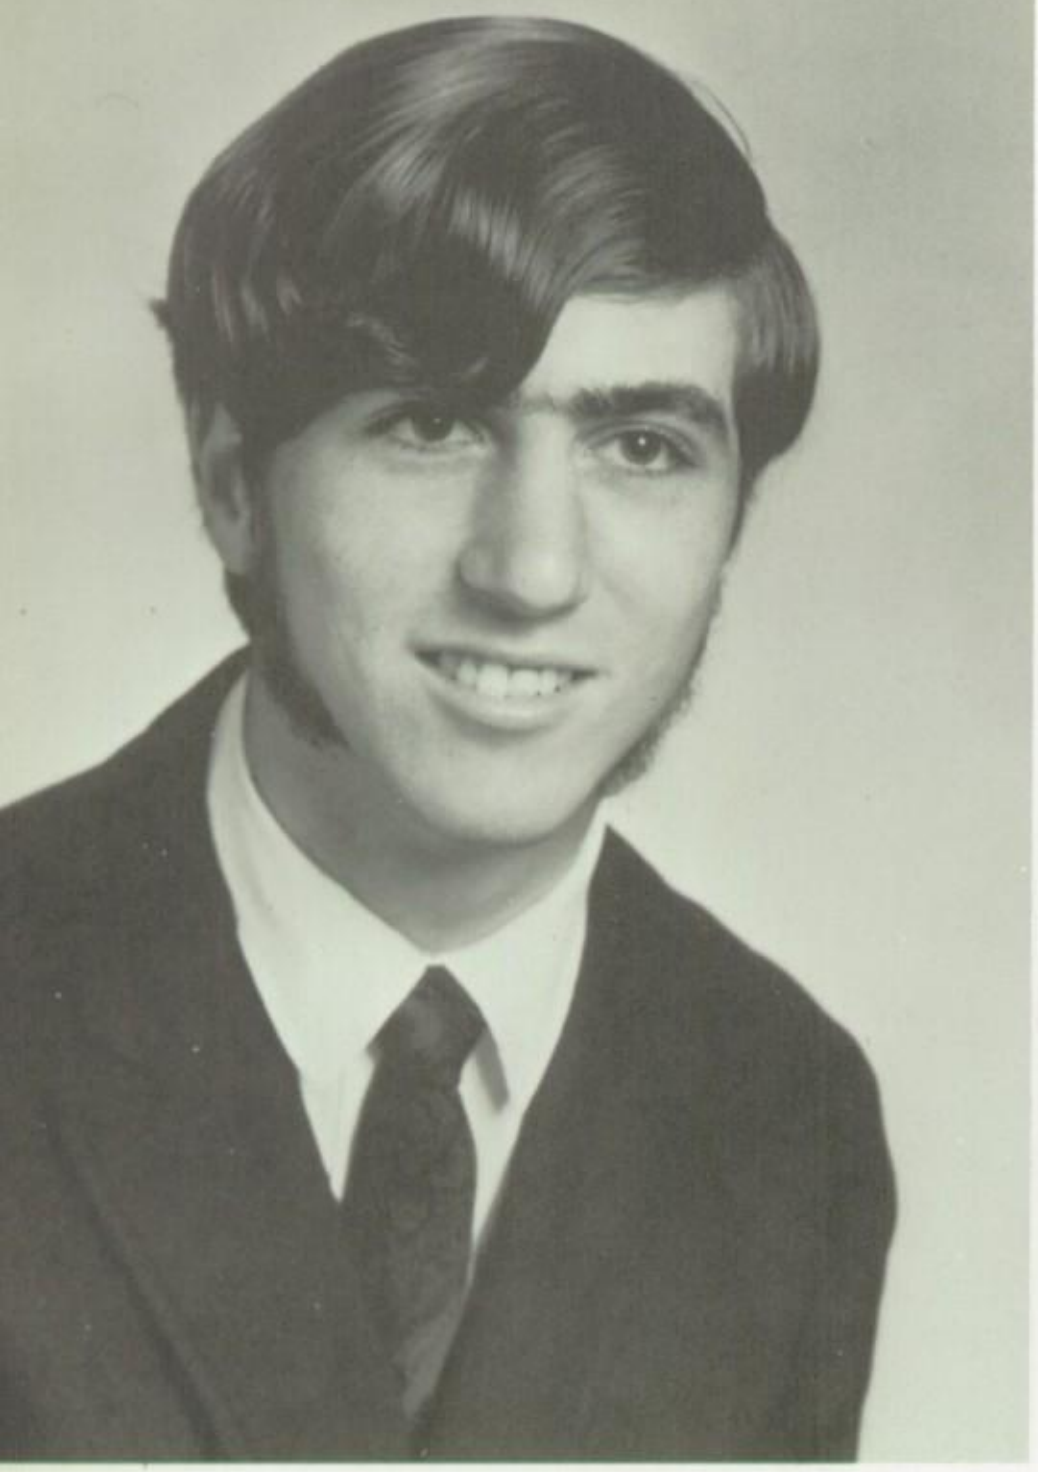
SEE KRIS.
KRIS HAS BROWN HAIR AND BROWN EYES.
BUT THIS IS NOT ALL THAT MAKES KRIS.
KRIS IS REALLY KRISTIN, MATURE,
GENTLE, AND ABSTRACT.
SEE KRIS ACT.
SEE KRIS CHEER.
THESE ARE THINGS SHE DOES WELL.
KRIS HAS MANY FRIENDS BECAUSE SHE
IS GOOD.
AND NICE. AND FUN, AND REAL.

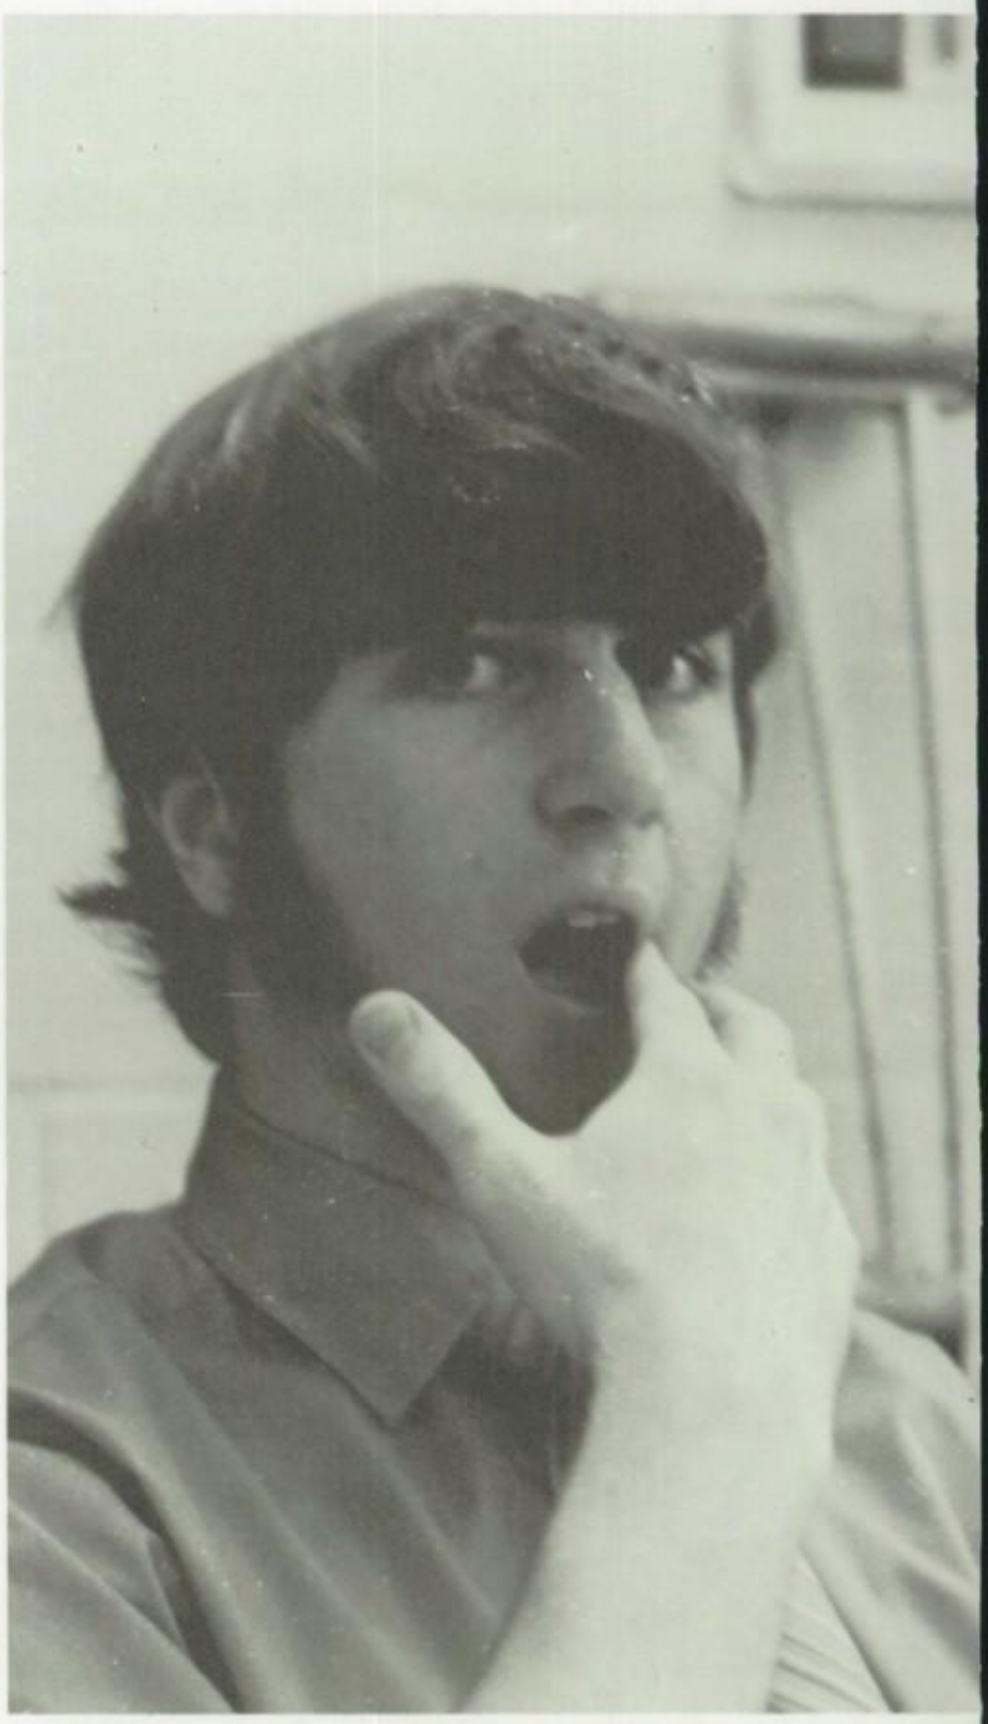
PATRICIA SUE KARRES
"Patty"

Patty is one of those people whose motto is "We try harder," and her grades show it. Every semester she is on Headmaster's List; and, yet, she would be the last to tell you she is smart. From day to day as you get to know Patty, you think she is a quiet girl. She is, except when she is the Jean Yothers of the *Amanuensis* and the Shirley Maclaine of the Trinity Players.

THERESA GLASGOW KITTREDGE
"Terri" "Ter-Ter"

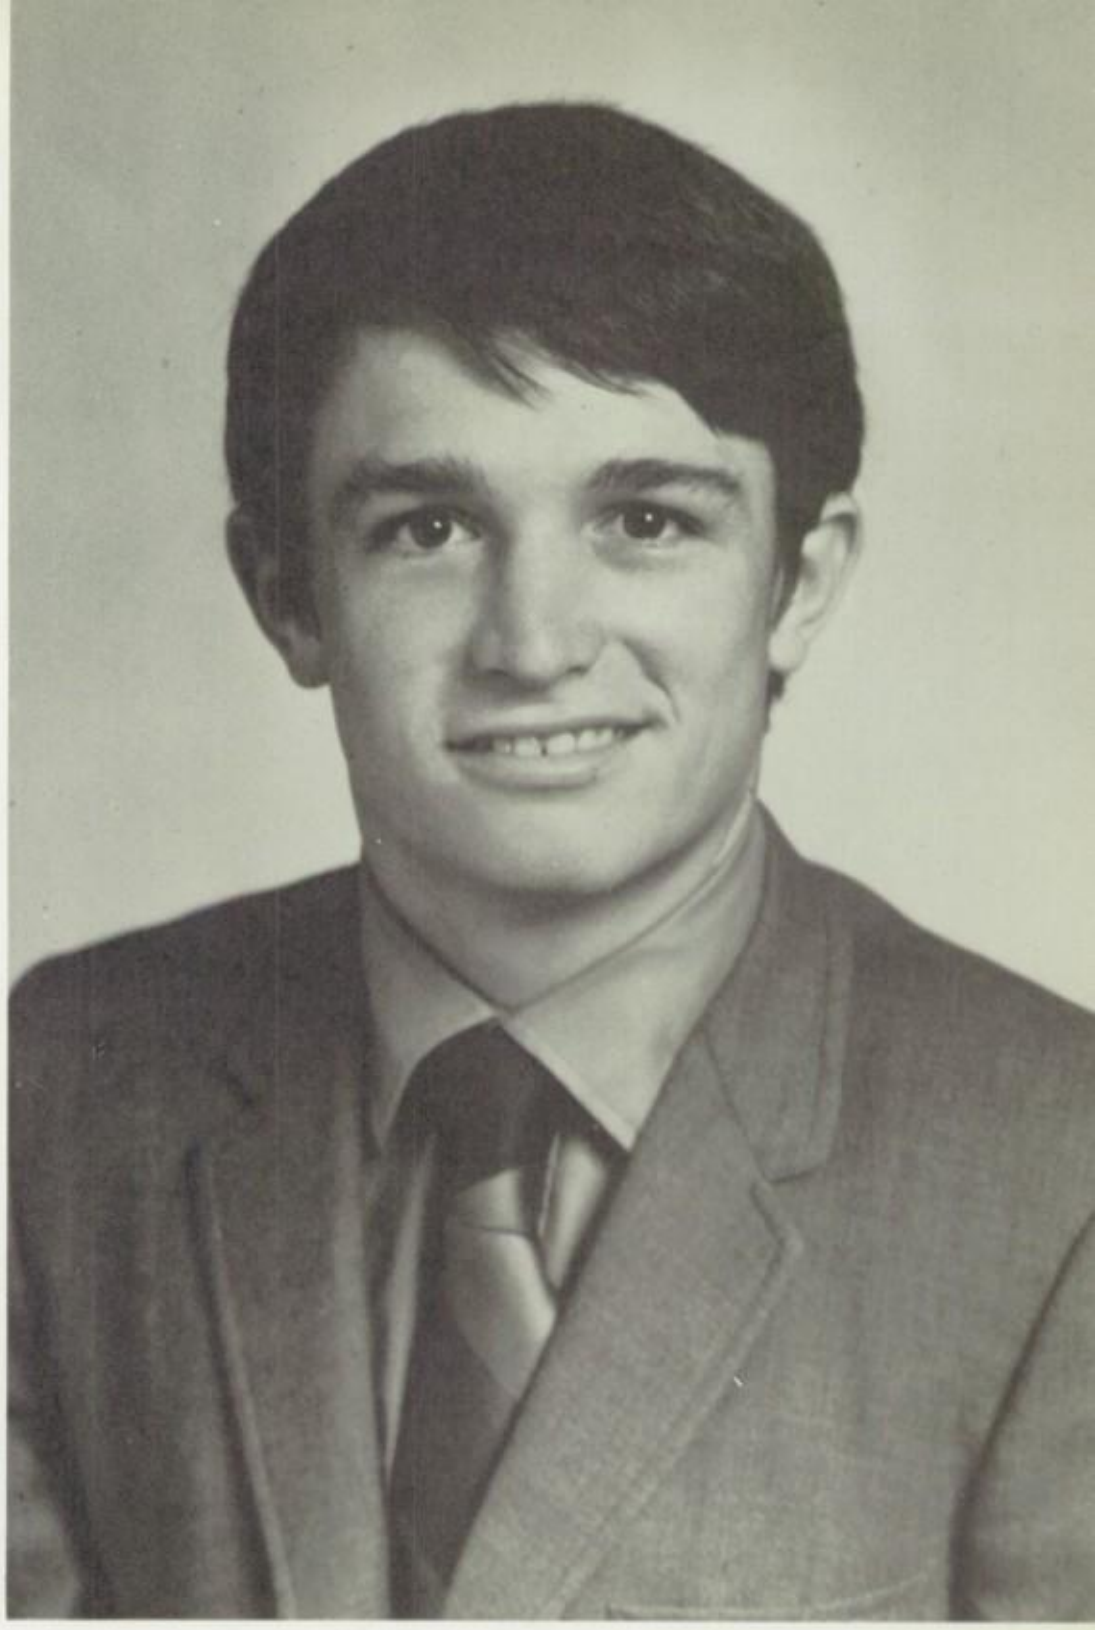
Terry's escapades for the blue and gold have left their mark on the Trinity cheerleading squad. Her pep and vigor greatly added to the life of the squad. It is very hard for Terry to take unauthorized trips out of school because everyone knows "Revi," her car. Terri is the Trinity snow skier. This winter she took many trips during school just so she could maintain her image as our snow skier. If you ever needed Terri, she could be found out at the senior point. See you at Winthrop, Ter-Ter.





DOUGLAS EDWARD LEMASTERS
"Doug"

Doug is a hard worker. He enjoys involvement in sports. He played on Trinity's football team until he broke his leg in a game, which kept him in a cast for more than four months. Doug, holds liberal views. He is not afraid to express his opinions or stand up for what he believes. He is a well-rounded person, and his graduation will leave another unfillable space at Trinity.

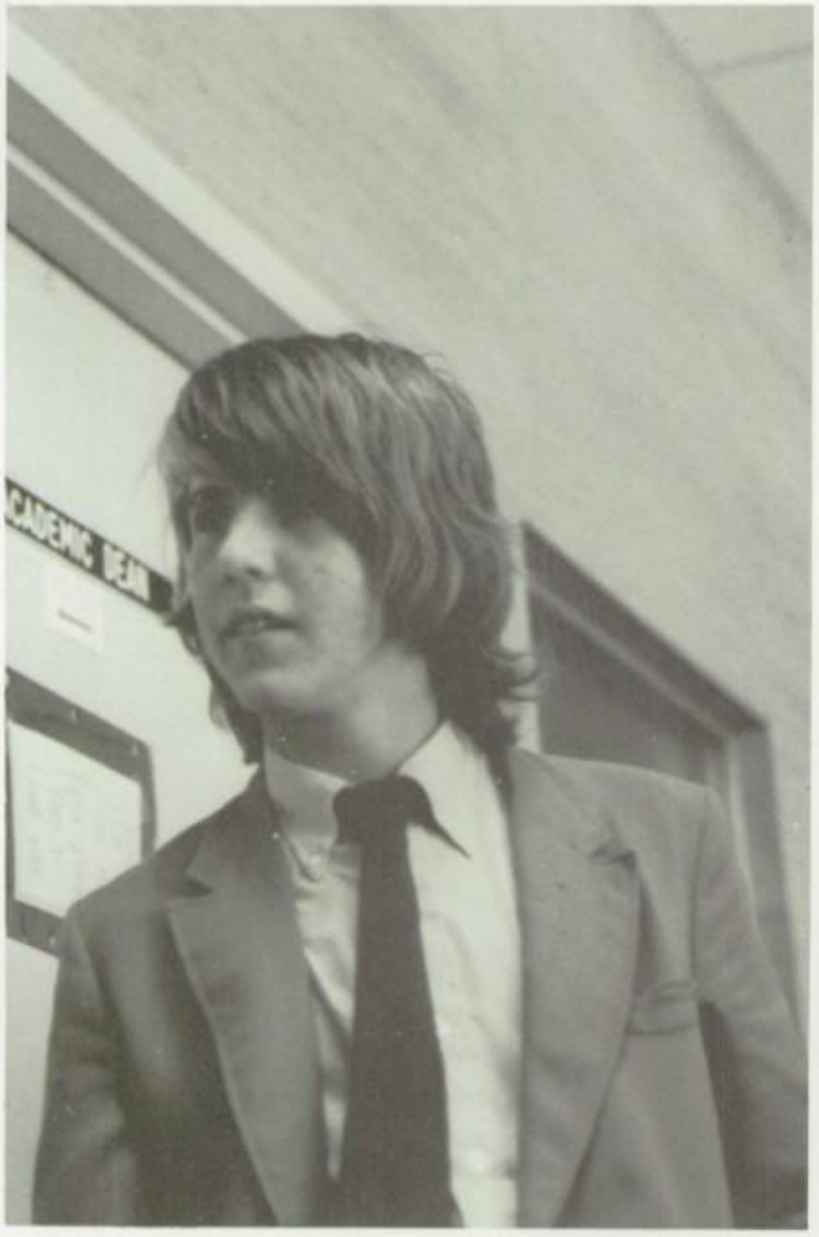


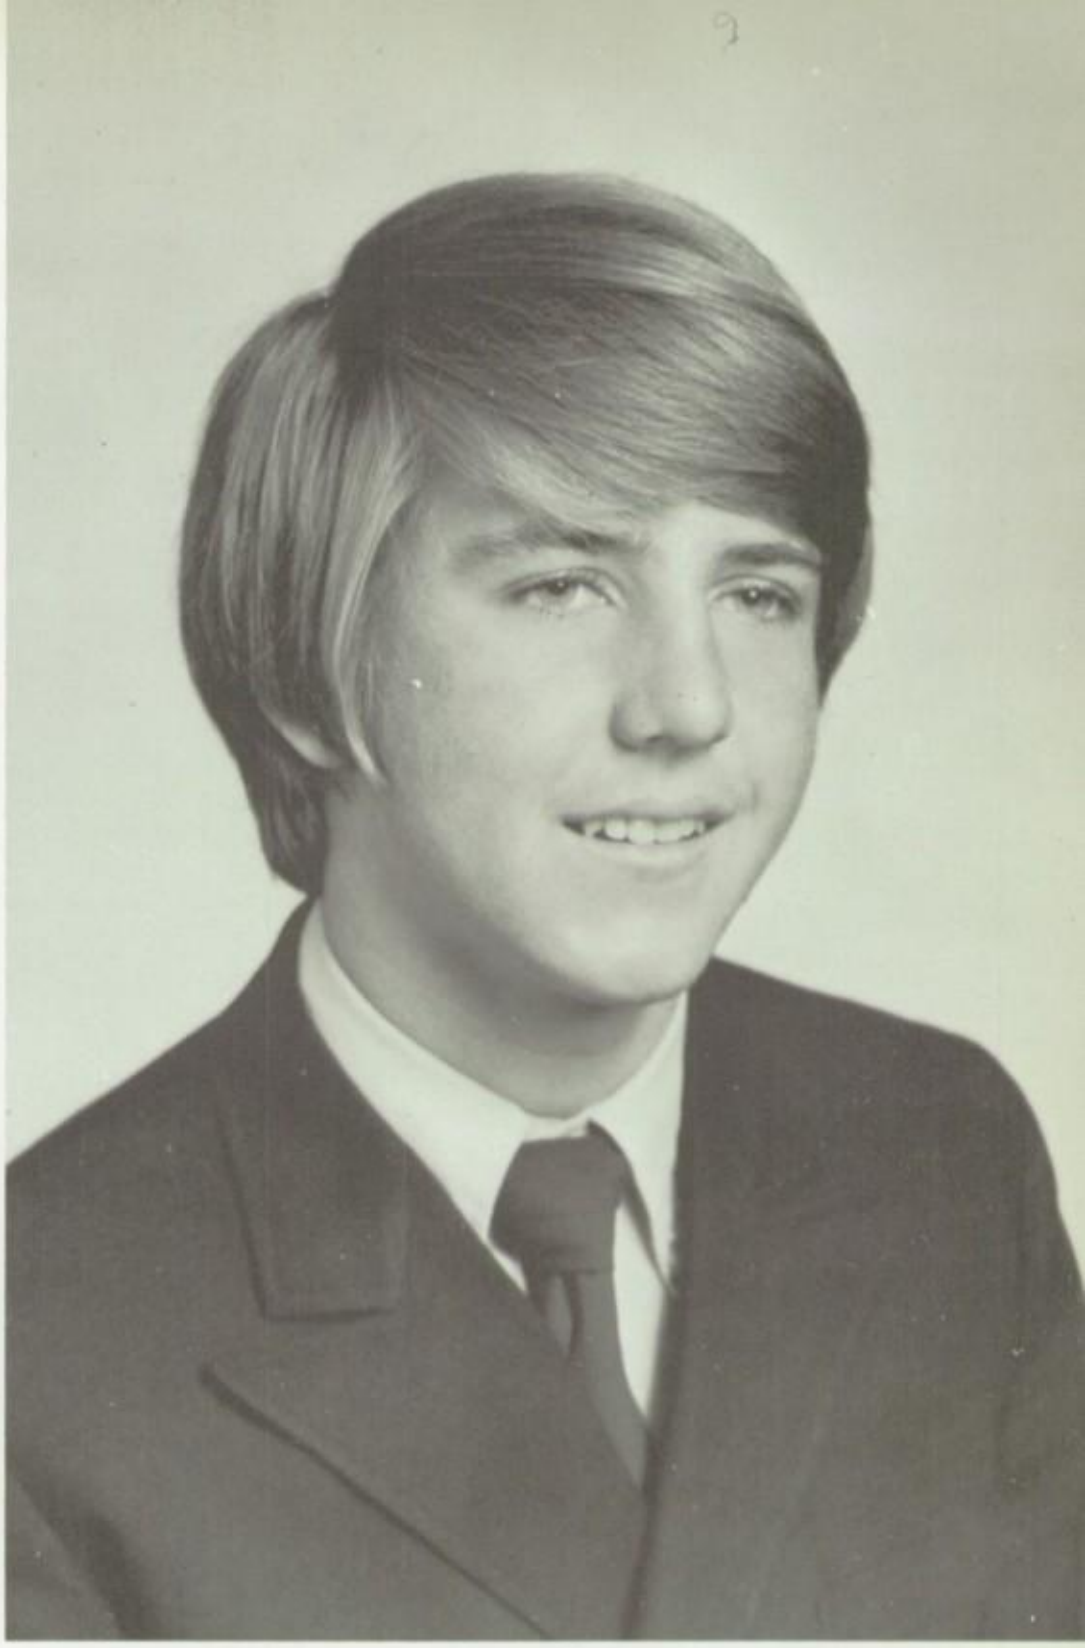
THEODORE P. MAYBERRY, III
"Ted"

When a guy is President of the Student Council, in the Key Club, plays varsity baseball and runs track, is honorary captain of the football team, and is Vice-President of his senior class, it makes sense that he'd be stuckup and have an ALL-AMERICAN GOOD-GUY COMPLEX. OK. Maybe. But when this same guy is easygoing, likable, quite open-minded, and definitely lacks complexes: he's pretty unique.

CHRISTINE NICOLLE
"Chris"

Chris is the friendly, serious type, but the next day she is in a crazy mood. Her philosophy is "Variety is the spice of life." She likes to be by herself sometimes; and if she had her way, she would spend the early morning school hours walking among the trees and wildlife on campus to wake up. She loves nature since she knows she has something in common with it. Her future plans are to go to Palm Beach Junior College and learn to become a dental hygienist.



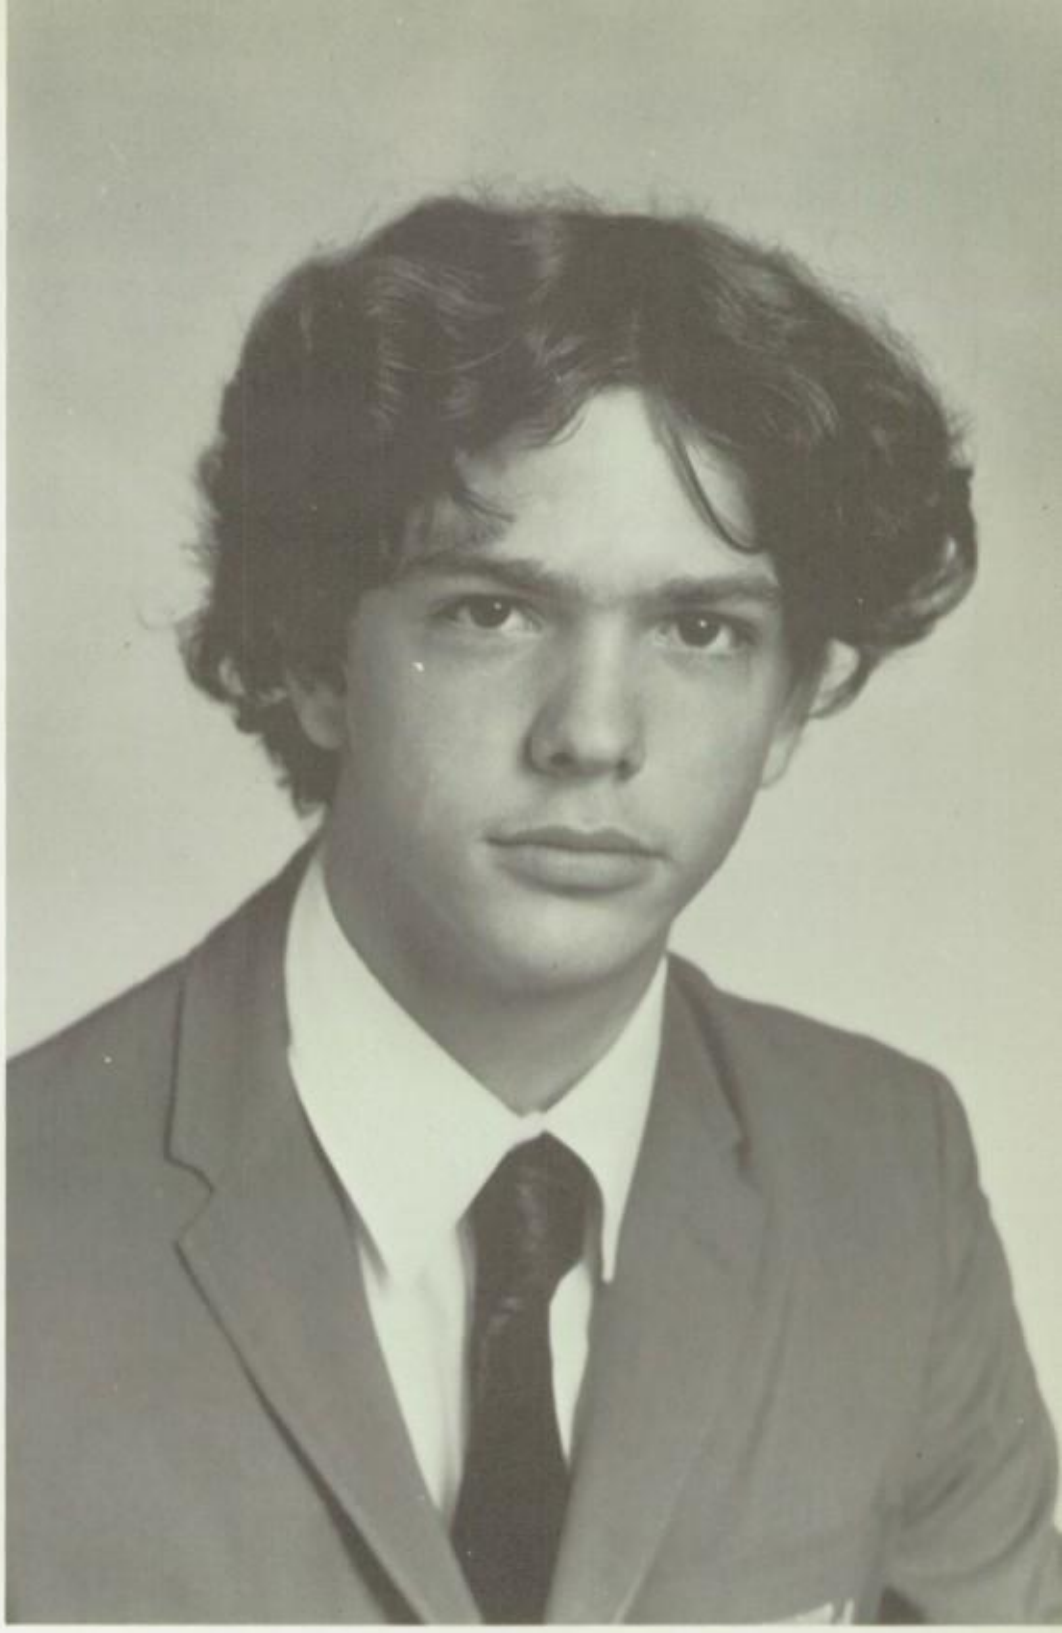


TOM OWEN
"Tom"

With oceanography as a prospective career, Tom is a member of the Trinity Scuba Club. Not only is Tom an active member of the Tennis Team but also of the Trinity Soaring Club. Tom, one of Trinity's two Arabs in residence this year, came to us from Dhaharan, Saudi Arabia. His pro-Arab views have converted several students to the Arab cause.

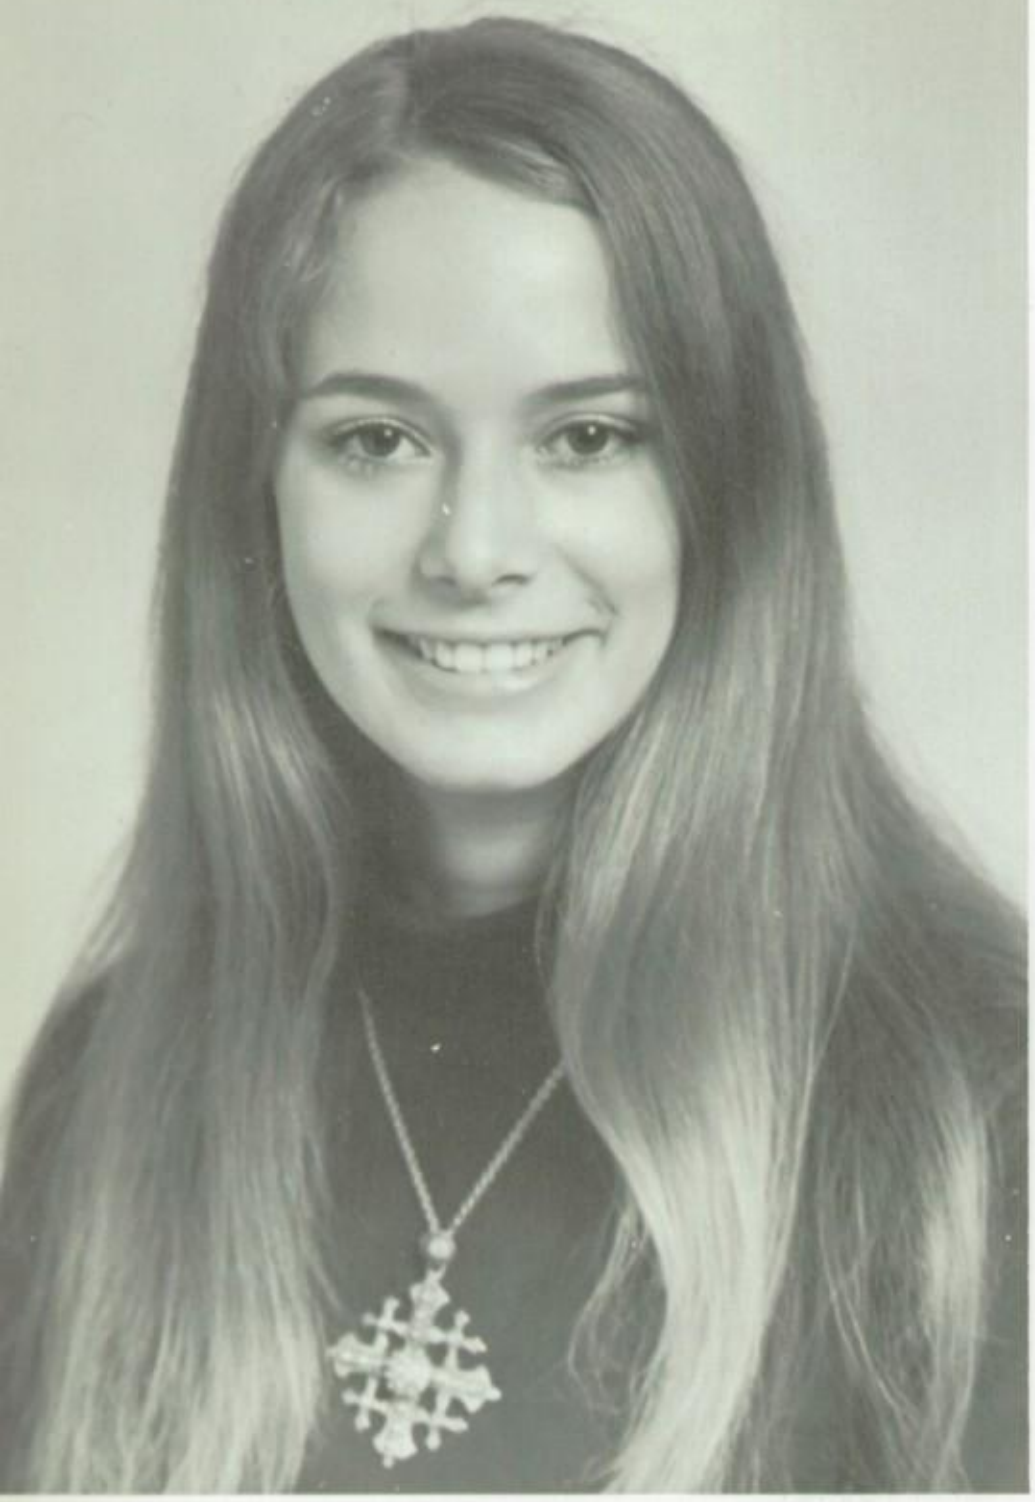
JULIANN PEDERSEN
"Juli"

Juli is Artistic, Creative, Vivacious, Expressive, Insane, Blonde, Active, Happy, Childlike. She belongs to Cheerleading, Drama, Art, and Dancing. She likes Donovan, Soap Bubbles, 2-sided Scotch Tape, Red Hair, Walking on new grass with bare feet, People who are not always the same, Paul Simon, George Bernard Shaw.



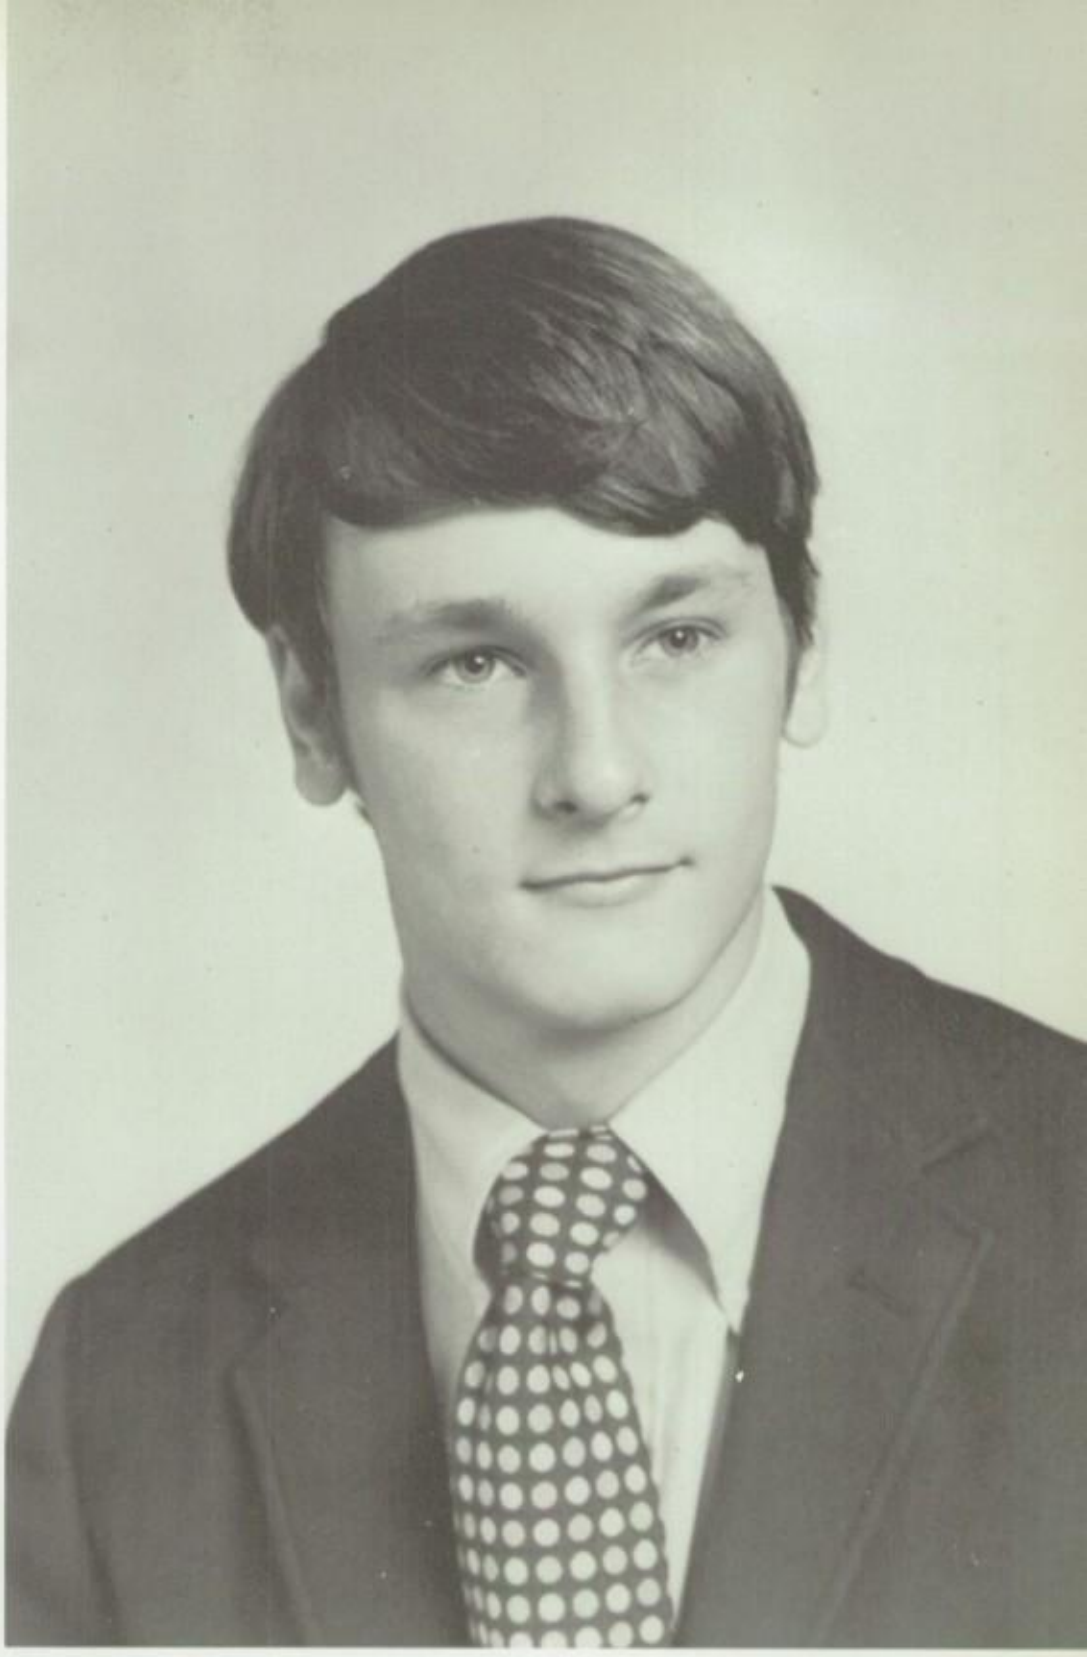
MARK KENT RABOY
"Caius Marcius" "Mark"

Mark is an intelligent anti-chapel rabble-rouser. His non-conformist ideas are based on logic and reason. He has a mysterious smile and do not forget Mark plans to be the first local Satanic minister. We know Mark could make straight A's, but he feels it is not necessary for his coming life style, that is, a peanut farmer.



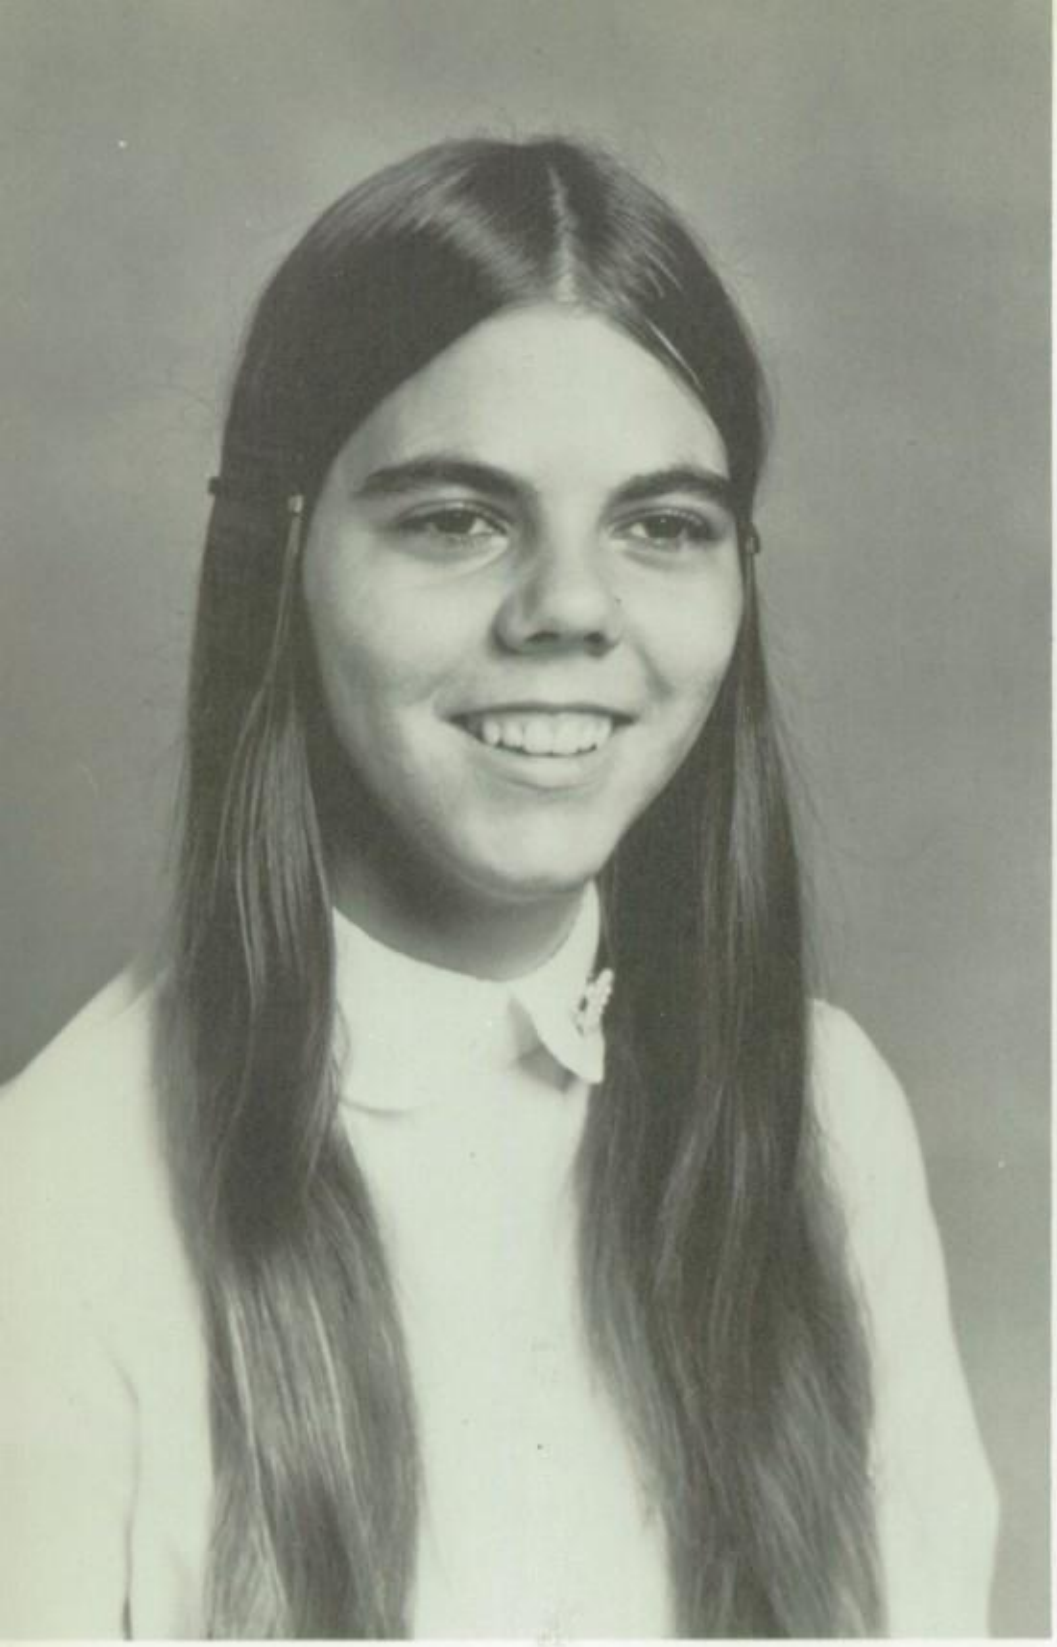
MARTHA JEAN REIDENBACH
"Martha"

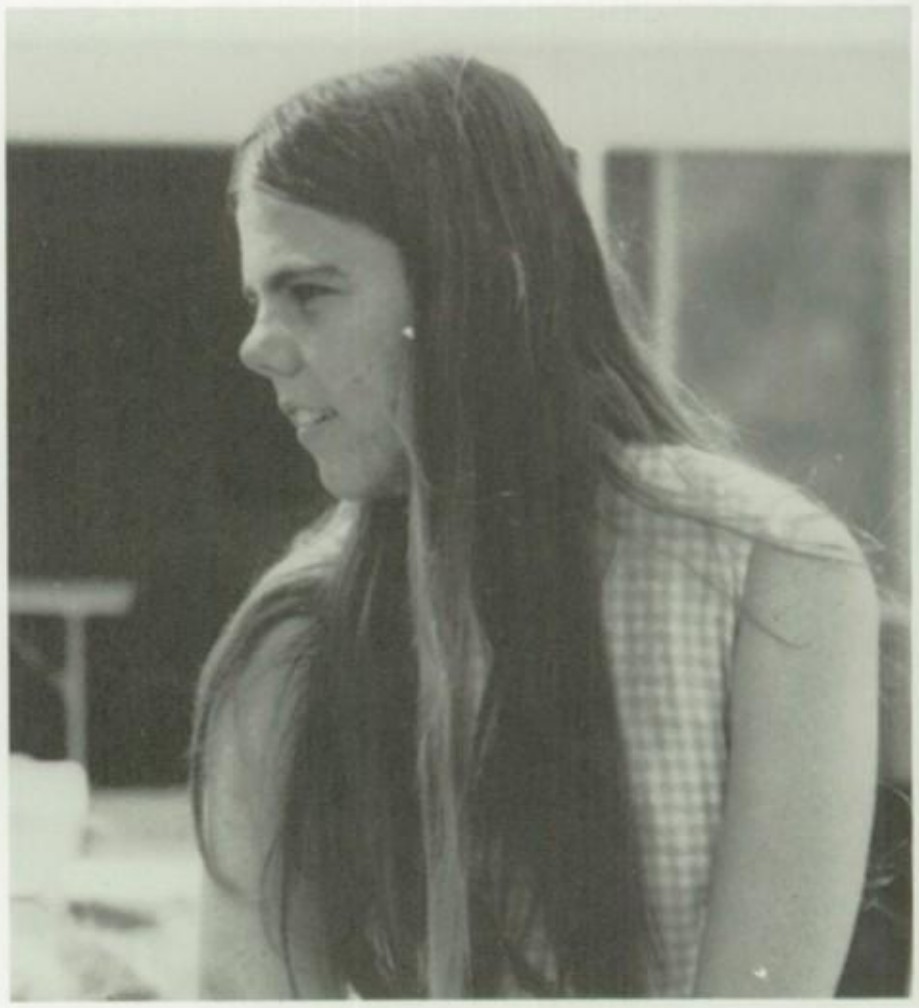
A little Arab came to Trinity this year. She found it strange here, and not even sure what homecoming was, she was chosen homecoming queen. Throughout the year she has kept the senior class smiling with her exceptionally cheerful personality. Her favorite spot is Spring Valley Lake and her favorite pastime is sitting by it.



JEFFERY CHAMBERLAIN SCHENCK
"Jeff"

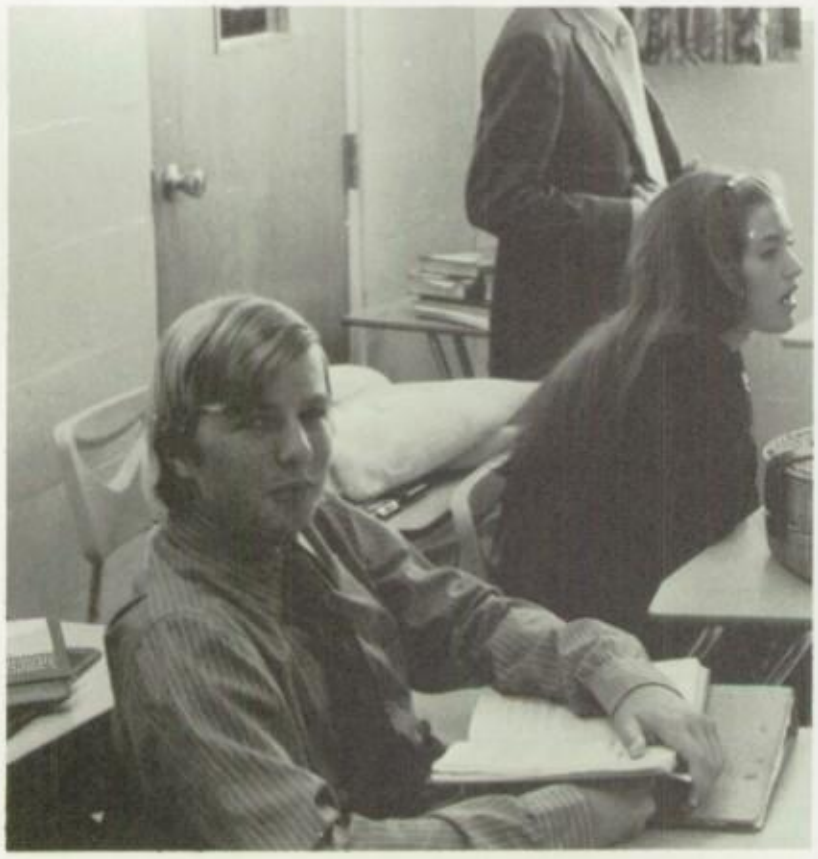
Good humor man . . . Kazoo-King . . . Pop-topper . . . Beatle lover . . . Apple scruff . . . Makes what he likes . . . One of the Big Boys . . . Drives the magical musical mystery roach . . . the breakaway runner.

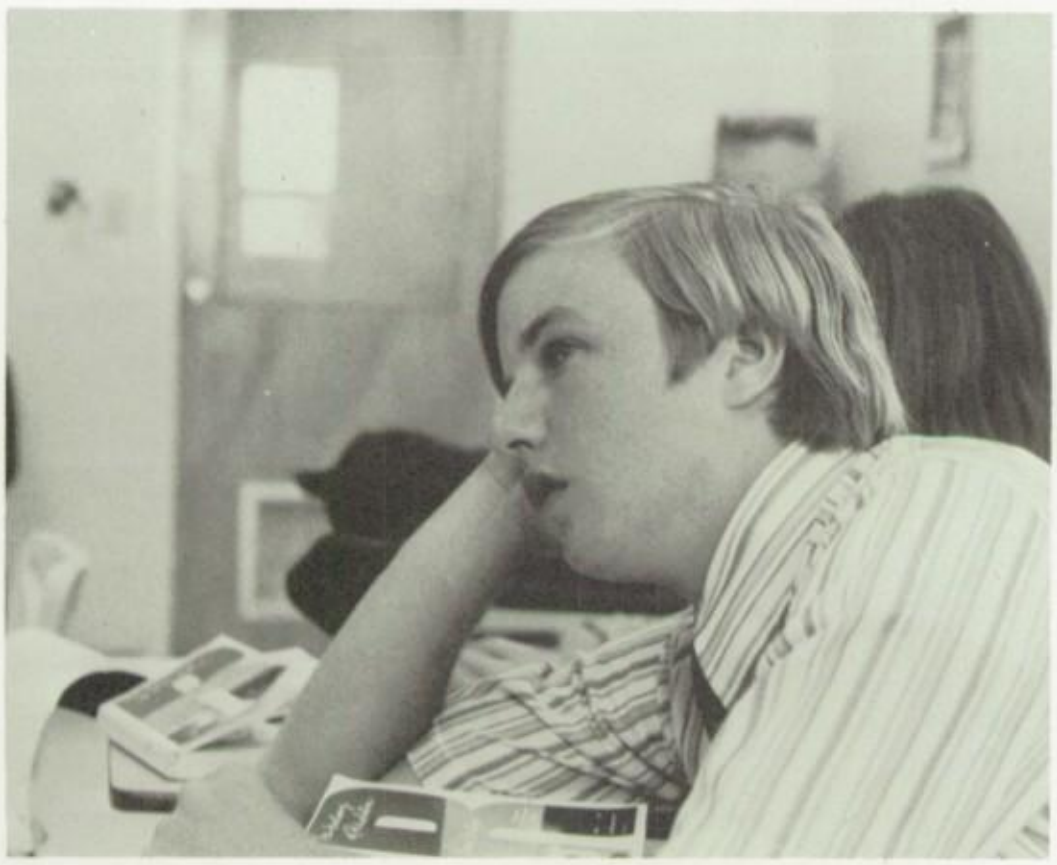




VALENTINA JOAN SCHULER
"Tina"

Tina Schuler might be the smallest member of the class of '71, but in her two years at Trinity she has certainly left her mark. She is constantly on the go. You can be sure because when you see her in the halls, she goes in a straight line and full speed ahead. If long hair were indicative of intelligence and kindness, she would have it made; and she does.



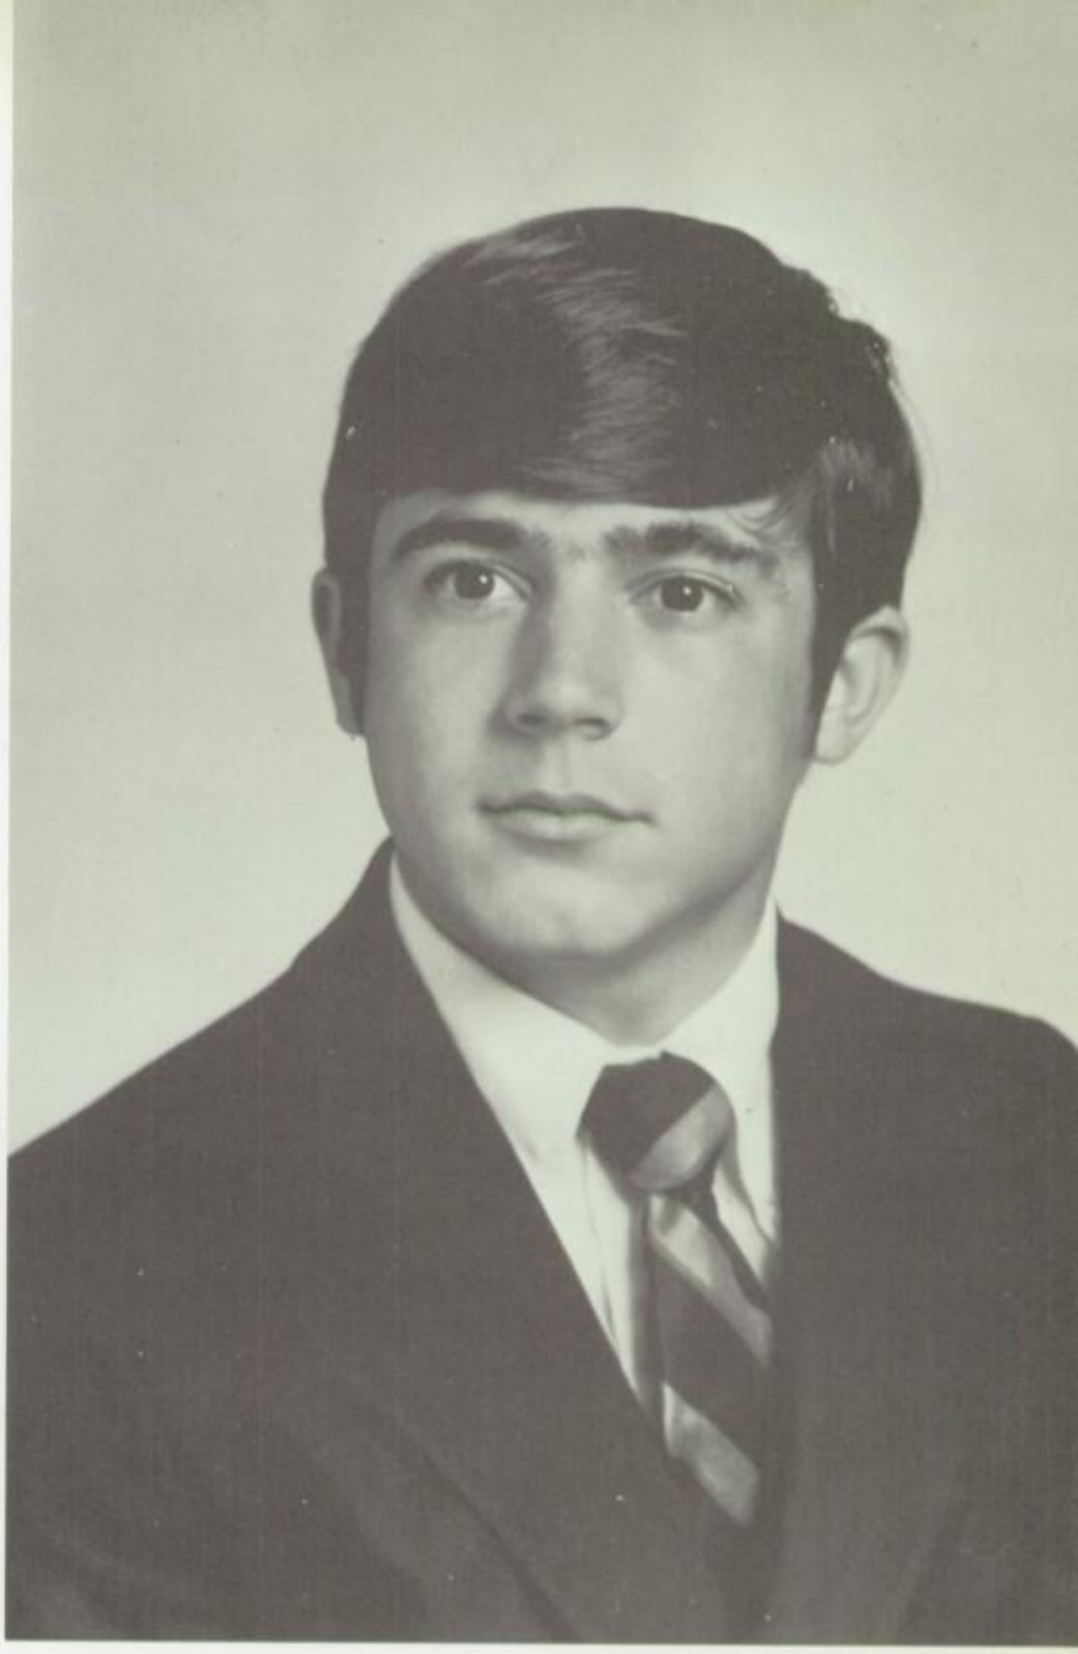


LINTON ALLEN STERCHI
"Allen"

Big Al . . . One of the original Big Boys . . . Played soccer, kind of . . . No. 1 golf kid . . . Won't give out autographs to peons . . . Leading Crusader for A. A. on campus . . . the Leading ladies' man on campus? . . . Believes in leprechauns . . . Has been known as the Pillsbury Dough Boy.

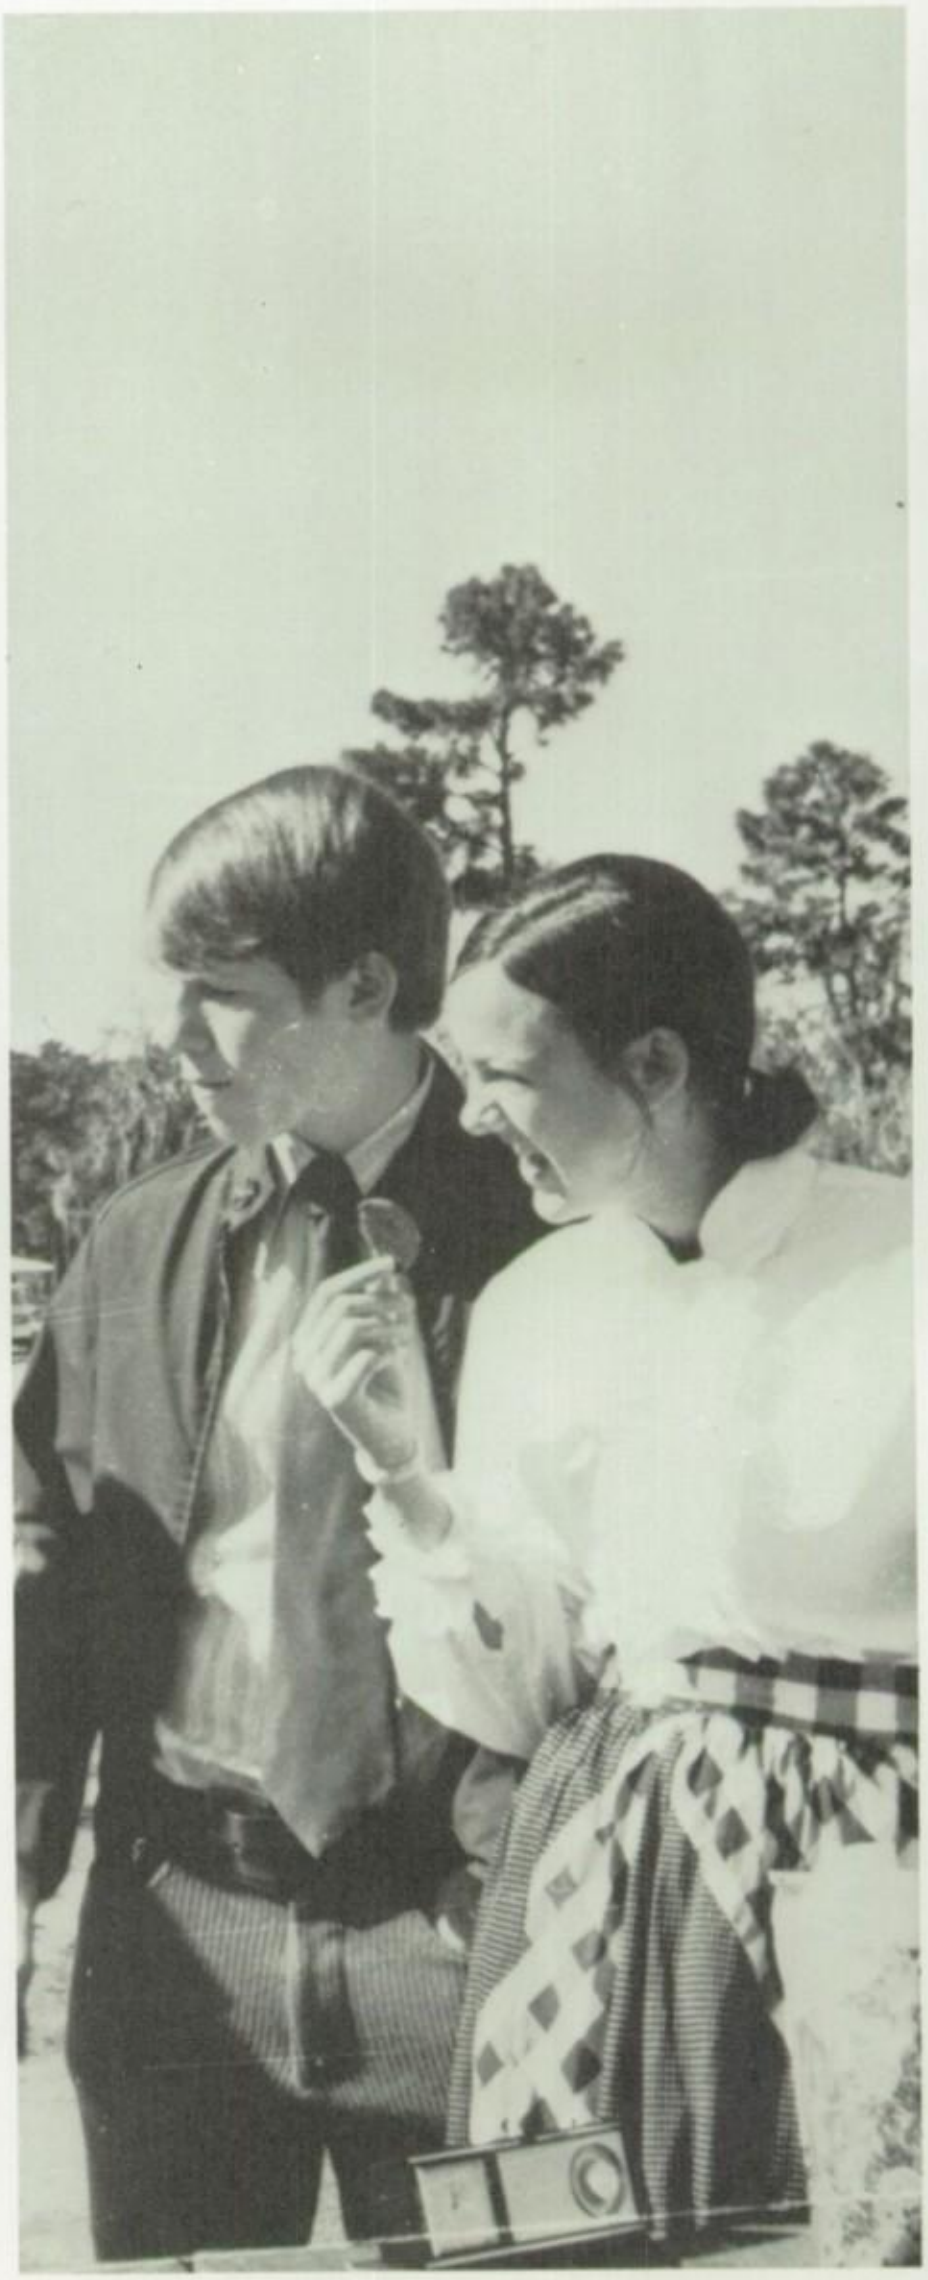
MARY PATRICIA TERRY
"Pat"

Planning to be the first member of Trinity's own Bored of Education, Pat has high aspirations. She usually prefers to keep her own council until the subject under discussion touches one of her special "enthusiams." Just how many undefendable positions she has held and defended is unknown. She has frazzled the nerves of unnumbered teachers and friends with her "Whys?" and "Hows?" for three unforgettable years. She hopes that they, "Will remember me as a summer day that made you smile along the way!"



ALBERT CHARLES VALDES
"Bert"

Bert will be remembered as the "120 pound linebacker who was all heart" on Trinity's football team. Everyone will remember Bert as the live wire that added happiness and a few pranks to keep people out of a rut and as a friend who has friends. He has shown responsibility as a member of the Key Club, Student Council, and the *Chi Rho*. He has added a great deal of enthusiasm to Trinity and has accomplished much.



LANDA SUE WATSON
"Landy"

I keep my ideals,
because in spite
of everything I
still believe that
people are really
good at heart.

Anne Frank

Landy is a warm and friendly person at Trinity. Sometimes she is hard to get to know; but once you know her, she is a real friend, especially in times of trouble. When she is involved in a project it is always a success. If it doesn't start as a success, she gets behind it and pushes.

HURLEY PARTIN WHITAKER
"Hurley"

Catfish . . . Ladies' man . . . White Bucks . . . Kinky hair . . . Clumsy Norm . . . Pointed Boots . . . "The Tree Rules All" . . . Lip-lock . . . Nature Boy . . . Malibu . . . Zapp comics . . . Music man . . . Tries to be a surfer . . . "He lives in a dream world."

BARBARA SCOTT WILLIAMSON
"Barb"

. . . serene, intelligent, beautiful, imaginative . . . likes puns, soaring, sailing, flying kites, big dogs, bonfires, Katherine Hepburn, Joni Mitchel, Shakespeare, poetry, straw flowers, windy days, the ocean, Lao Tsu, peace.

LINDA ELTON WILLIS
"Linda"

What comes to mind when you hear the name Linda Willis. Intelligence? Yes, she is certainly a superior student in all respects. Responsibility and leadership? She is no less than editor of Trinity's yearbook staff. Level-headed? Few people can "keep their cool" better than she. Helpful? Sincere? Dedicated? Yes, her three years at Trinity have proved all this. But above all, Linda has always been a true friend.

FOOTBALL

The 1970 season turned out to be a very good season with a 4-5 record, winning our last four games. There were many stars on the 1970 team including; Dick Doster, third team all-state center, Jeff Kiddy, second team all state linebacker, Dale Parsons, third team, all state quarterback, and Jackie Zimmer, Trinity's leading pass receiver. In addition, we will miss the seniors who will be leaving us next year. They are: Jeff Schenck, Craig Clayton, Paul Grady, Bill Holmes, and Hunter Handley. We started out slowly this year primarily due to two key injuries to Lawrence Cleveland, who, by the way has not played in a losing game at Trinity, and Mike Geldner who is a college prospect punter and wide receiver.

We are looking forward to a very successful spring practice which we hope will get us ready for the up and coming 1971 season. We should be much stronger next year with the number of returning lettermen and the impetus of the past season. We will be playing six home games next year which will give our loyal fans who are probably the best in the state, a chance to really root the team on during their 1971 campaign.

Homecoming

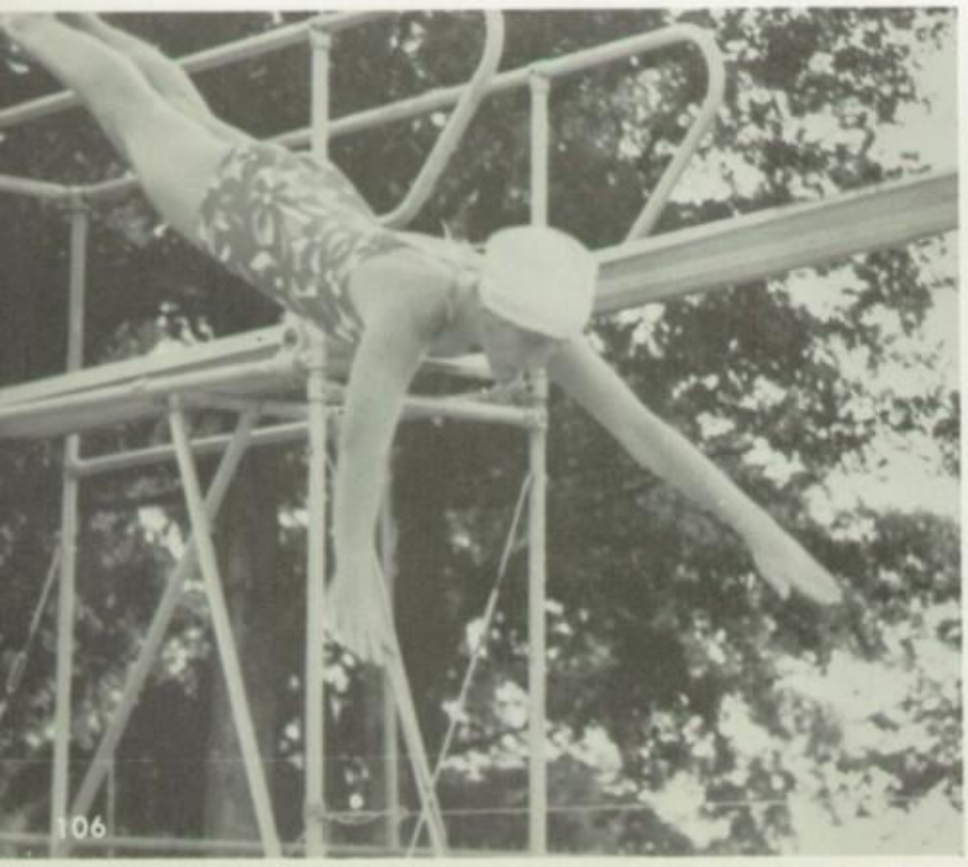
Cross Country

Our Cross Country team's winning season culminated in placing fourth in the State and John Adair's first place finish at the State meet. This is a brilliant achievement for any team, especially ours since it is only two years old. All members will receive a trophy at the end of the year for participation in the state meet.

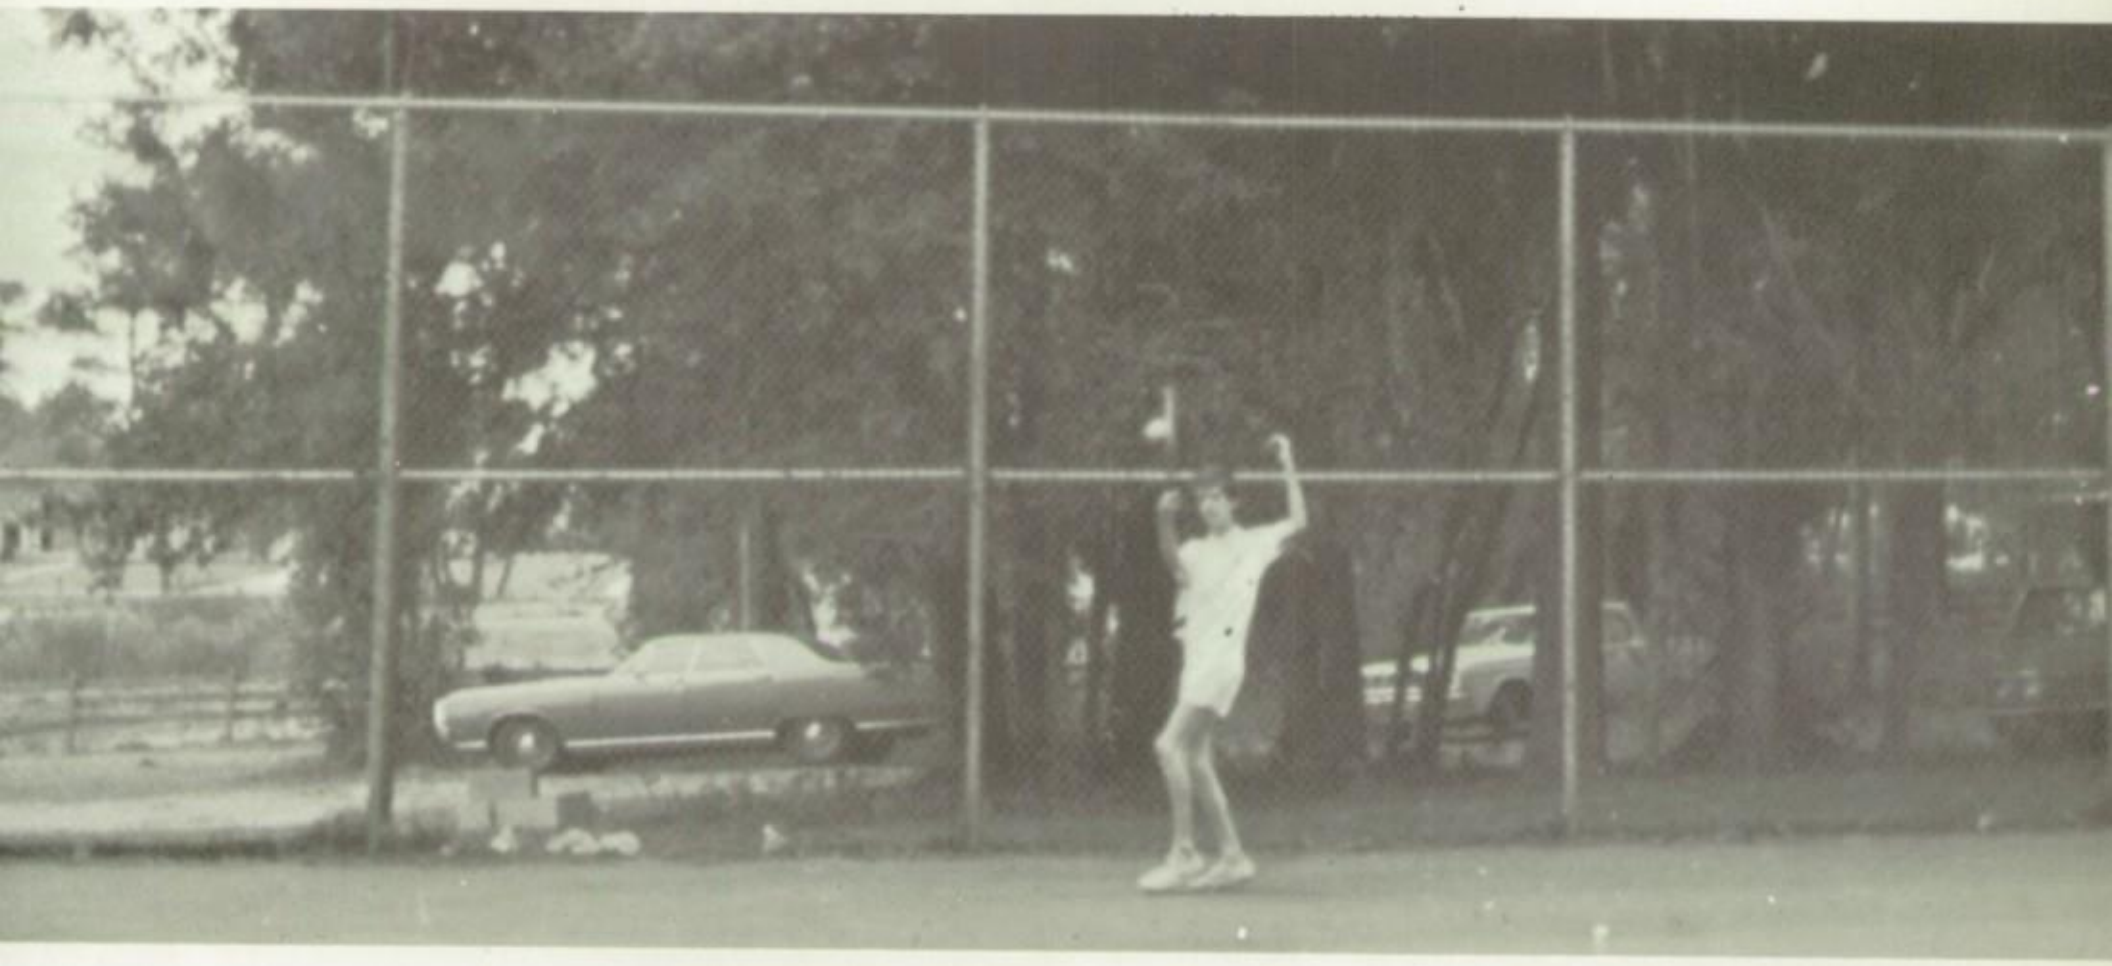
Junior High Swimming

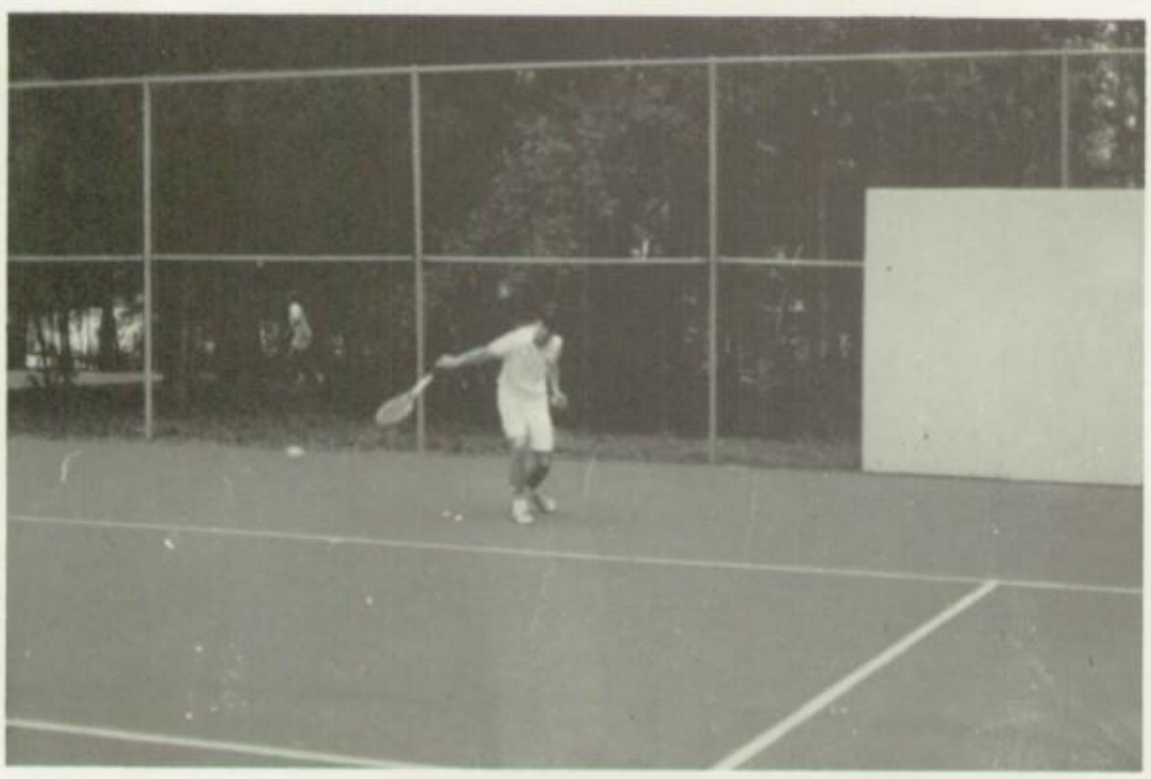
J.V. SWIMMING

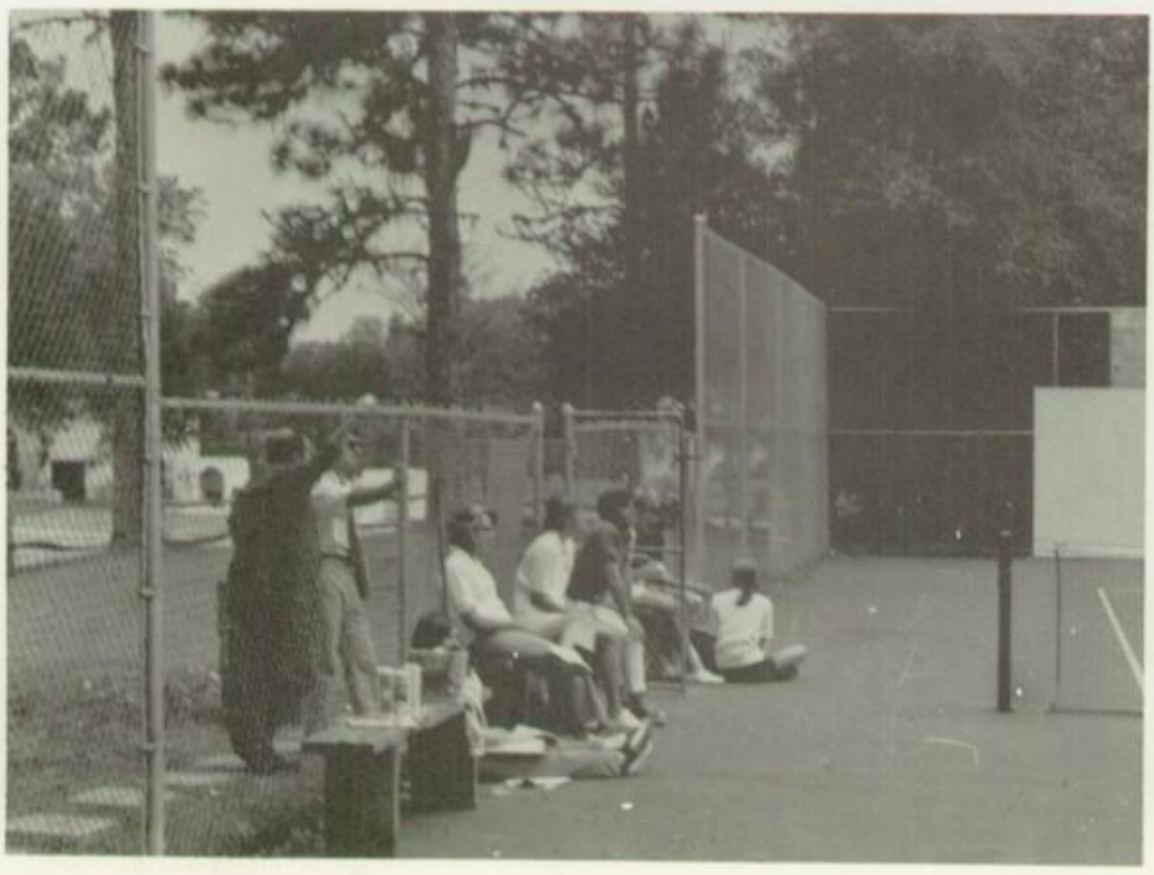
The strength of our swimming program lies in the training of our young swimmers. The Junior Varsity team s still in a building phase this year, yet the members experienced a vast improvement over the preceding year. The team is especially strong in diving and hopes to utilize the divers on the varsity team. Even though the team had only one victory, the swimmers won six ribbons in the Orange County Swimming Meet.



Tennis





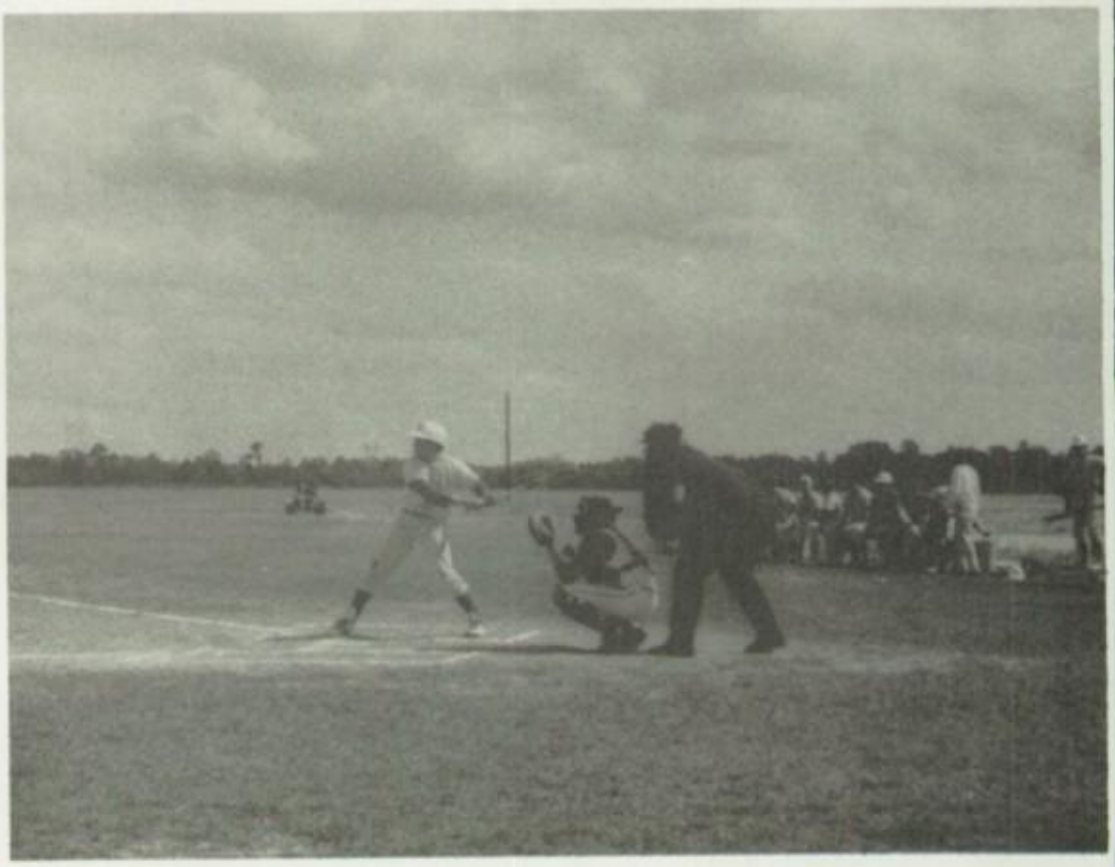


Varsity Soccer

Jr. High Soccer

Varsity Baseball

This year's baseball team had a few changes over last year like Coach Livengood as sole coach of the varsity team. With the crowded schedule that the coach made, regular shortstop Fitzgerald and his faithful glove, "Betts," were brought to the mound along with several others including all-star pitcher Bobby Ficquette and southpaw Mark Hanna. The team's leading hitters are Jimmy Madden from the outfield, catcher and two time Most Valuable Player, Jackie Zimmer, Mark Hanna, and John Kennedy from third base. The new second baseman is Andy Penn.



Varsity Golf

FORE!

The Golf team of Trinity opens their season on Orlando's newest course, Cypress Creek. They have sixteen matches this year. Their advisor, Mr. Waud, is expecting many victories this year.

Cheerleaders

Advisor: Mrs. Rost

Captain: Dabney Hunter

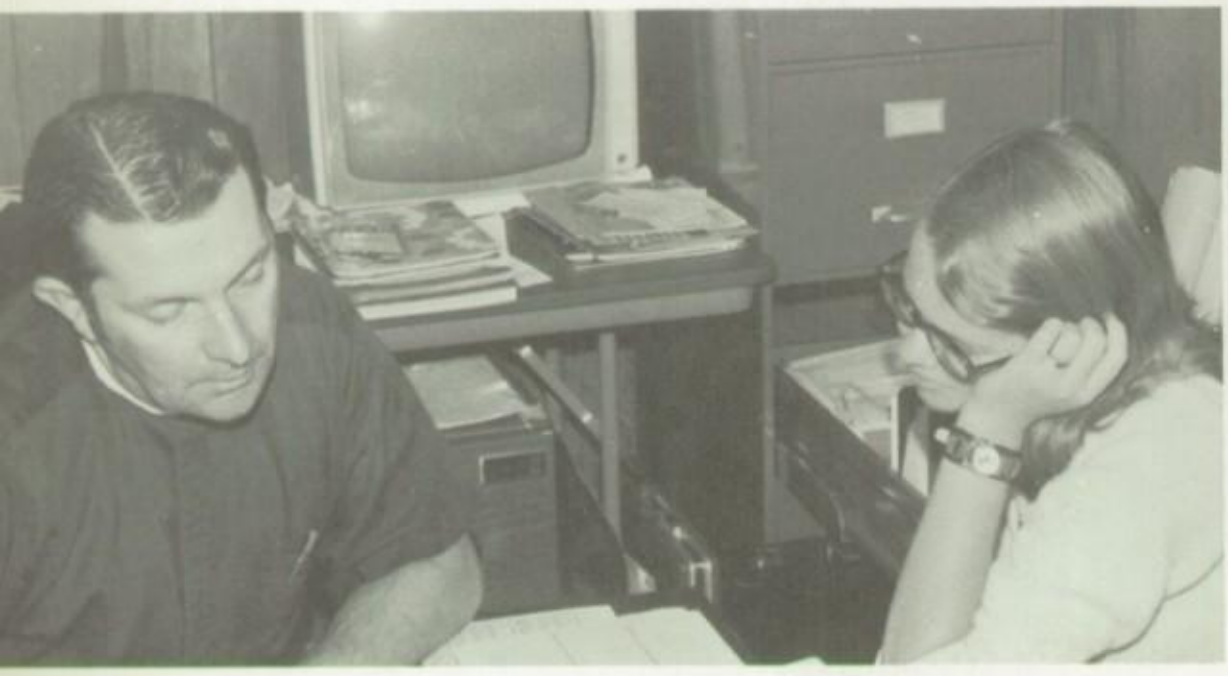
Co-Captain: Laurie Bettinghaus

The cheerleaders began this year cheering for the football team as they had expected they would when they each won a place on the squad last year. They are fond of the football team as all cheerleaders are, but for a different reason, because they know the individuals of the team so well. After football season was over, the squad learned it could also cheer for the soccer team. They were glad about this because they like what they do.

the Amanuensis

The Scribe of Trinity Prep

The Amanuensis, meaning "the scribe," was returned this year to its original format. The purpose of the paper is to bring current news of the school not only to the students but to outsiders who are interested in the school. Sports highlights, social events, and other campus activities come to print in our paper.



Debating Club

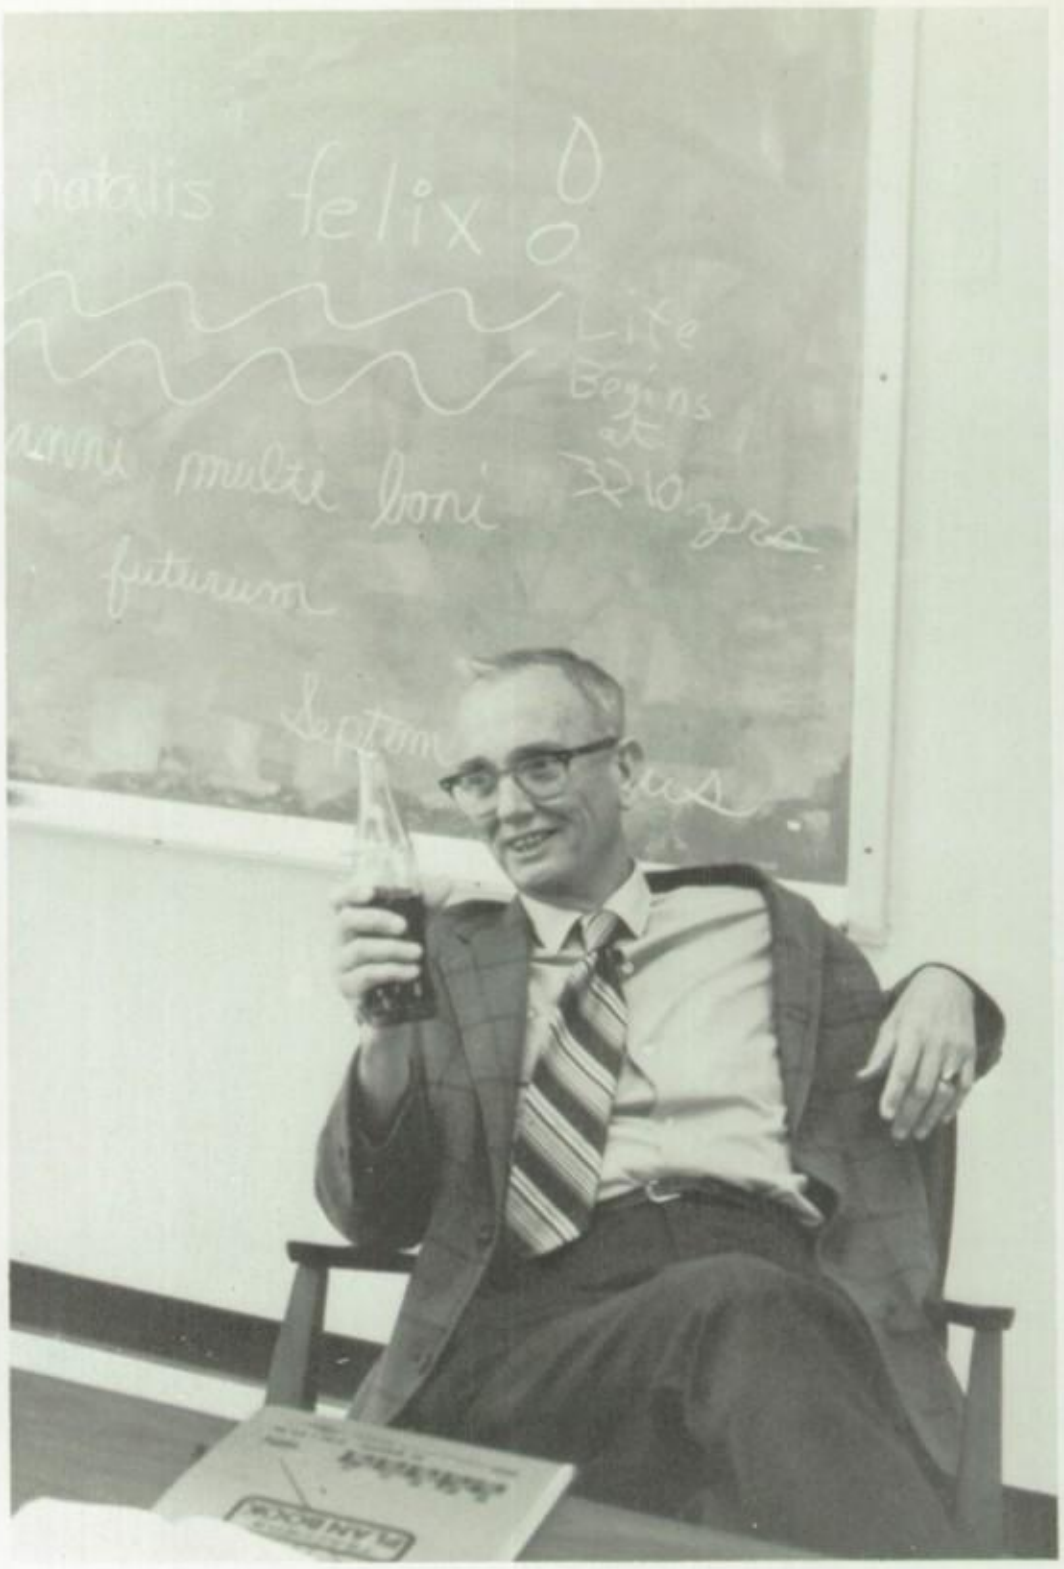
The Debating Society's adviser is Mr. Crone, and its first President was Scott Arnold. This is the first year Trinity has had such an activity available and its main purpose is simply to provide an opportunity for interested students to have a debate. To this purpose their constitution provides for a President (currently Mark Williamson) and Vice-President (currently Harry Olander). The club has had debates on legalizing marijuana, legalizing abortion, and super-sonic transport.

Chess Club

The purpose of the Trinity Chess Club, as stated in its constitution, is to insure fellowship and competitive spirit. Three tournaments of chess are held each year, and a trophy is given to each winner. The winners of the two tournaments already held this year are Bob Sigrist and Kevin Fitzgerald.

Greek Club

The Greek Club meets twice a week, once for lower forms and once for upper forms. So much interest has developed that it is possible for the members to gain half a credit in language. However, students must work hard and show that they are doing so! The progress has been remarkable considering the short time they have been studying.



Music Club

Sponsor: Mrs. Brokaw

One of Trinity's newest clubs is the Music Club. As well as singing new songs for enjoyment, the group learns the fundamentals of reading music. At communion services, they assist as a choir.

Pep Club

"And the winner of the Spirit Stick this week is . . ." The Pep Club has more than once built up "esprit de corps" at Trinity Prep. A familiar sight at the pep rallies during the football season was Mr. Campbell and the blue and gold stick, which almost every form won once. We are grateful for their help in putting out game programs and decorations.

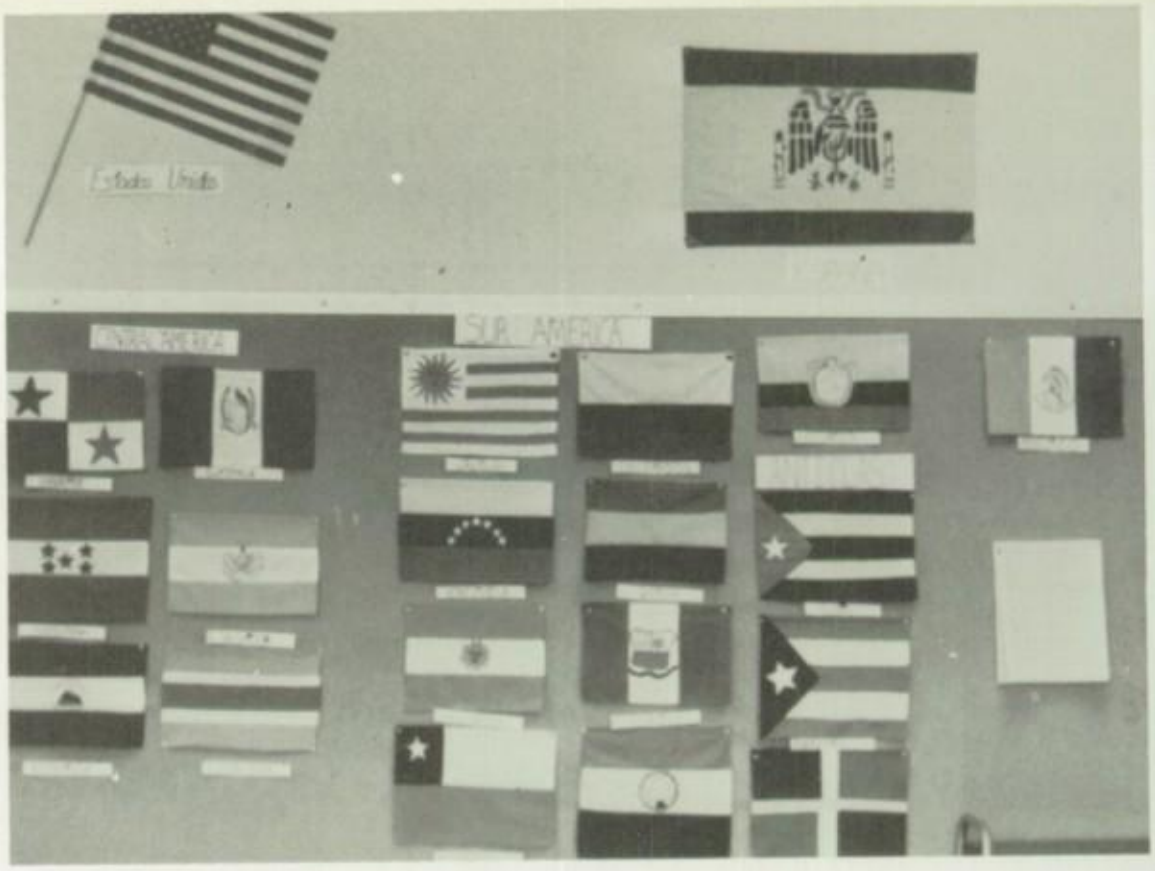
Science Club

Trinity's Science Club is affiliated with the Florida Junior Academy of Science, a statewide organization. Students join if they want to do individual research projects. At each bi-monthly meeting the club hopes to have a guest speaker. Many fields are covered in these talks. The high point of the year is the two-day Florida Junior Academy of Science convention to which our Science Club will send several representatives this year.

Spanish Club

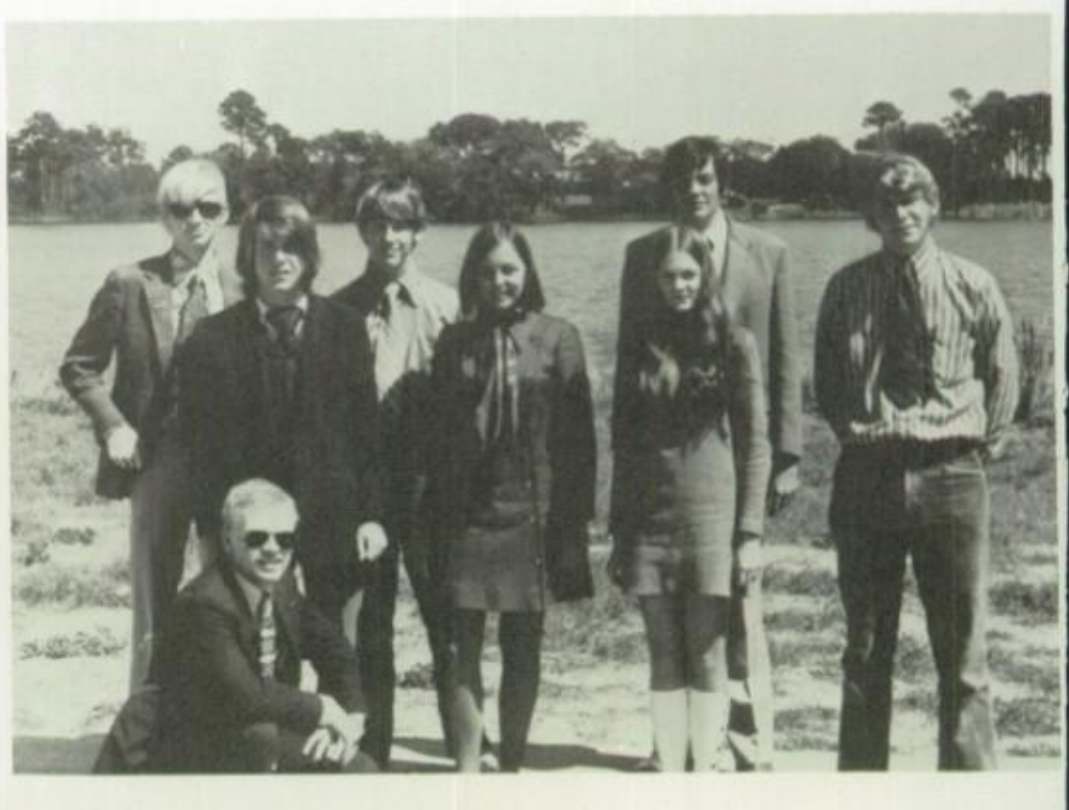
Sponsor: Mr. Phillips
President: Barbara Cadle

Olé! At the beginning of the school year, he Spanish Club quenched our thirst and hunger during the "Walk-A-Mile" hike. The Club will make field trips to various Spanish style restaurants in the Orlando area, and is planning an excursion to the Columbia Restaurant in Tampa. Their main purpose is to learn about and enjoy Spanish culture.



Soaring Club

The Soaring Club exists for the purpose of teaching those interested in the techniques of flying a glider. It is expected that those that begin flying this way will pursue their interest in flying either by competing in gliders or going on for their power rating. All students will have achieved their solo rating in gliding by June of 1971. It has been a most interesting activity for Trinity.



Student Council

This year's student council is operating under completely new and fresh officers. The President is Ted Mayberry, the Vice-President is Barb Williamson, the Secretary is Seth Corey, and the Treasurer is Robbie Robertson. The new advisers are Mr. Waud, Mr. Crone and Mrs. Ojeca lending a helpful hand. Some of the council's aims are to have the Homecoming Dance and festivities, have the Prom and the lower form Spring dance, and also the traditional Sadie Hawkins Dance. The major money drive this year is going to be the sale of doughnuts. With the money that is raised the council will buy something that will benefit the entire school.

Trinity Players

Trinity Players are active in all aspects of the production of lays: lighting, financial holdings, public relations, publicity, ostuming, makeup, etc. This is the first year for individuals to e chosen for this great honor. Officers for 1970-1971 were ristin Juergens, President, Barbara Williamson, Vice-President, nd Kathie Gale, Secretary-Treasurer. For the first major pro- uction the group presented Dicken's "Christmas Carol," di- ected by Mrs. Ann Juergens. Kevin Killiany played the versa- le role of Scrooge. In the Spring, they will present a children's lay on tour in the Orlando area.
